(1) by striking out paragraph 2 of the definition of “mining operation”;

(2) by replacing paragraph 3 of the definition of “mining operation” by the following :

“(3) carried out after 17 October 1990 in respect of surface mineral substances within the meaning assigned to that expression in section 1 of the Mining Act, or of mineral substances the rights in or over which have been surrendered to the owner of the soil under section 5 of that Act;”;

(3) by replacing the definition of “mineral substance” by the following :

““mineral substance” means any natural mineral substance, whether solid, gaseous or liquid, except water, and includes a fossilized organic substance or mine tailings, but does not include a mineral substance the well head value of which is subject to the royalty referred to in section 204 of the Mining Act (chapter M-13.1);”.

(2) Subsection 1 applies to fiscal years of an operator that end after 12 May 1994, except in respect of cases pending on 14 March 2000 and notices of objection served on the Minister of Natural Resources on or before that date, in which one of the matters of dispute, expressly raised on or before that date in the motion for appeal or the notice of objection previously served on the Minister of Natural Resources, or in the notice of objection, as the case may be, concerns the method of computing profit or loss for the year and alleges that an expenditure relating to a mineral substance the well head value of which is subject to the royalty referred to in section 204 of the Mining Act (R.S.Q., chapter M-13.1) is deductible in computing profit or loss for a year.

2. (1) Section 6 of the said Act is replaced by the following :

“6. Subject to section 6.1, the gross value of the annual output of an operator for a fiscal year is the value of the mineral substances and, where applicable, of the processing products, derived from the operator’s mining operation, that is established

For the purposes of the first paragraph, the value of the mineral substances and, where applicable, of the processing products does not include a gain or loss resulting from a hedging or speculative transaction.”

(2) Subsection 1 applies

In addition, for the purpose of determining the gross value of annual output for a fiscal year, an operator must also obtain the authorization of the Minister and comply with the conditions determined by the Minister, if the method of valuation used by the operator to determine the value of mineral substances and, where applicable, of the processing products is the method provided for in subparagraph *b* of subparagraph 2 of section 6, and if the method used by the operator to prepare the financial statements for that fiscal year differs from the method used by the operator to prepare the financial statements for the preceding fiscal year.

(2) Subsection 1 applies to fiscal years of an operator that begin after 14 March 2000 or to fiscal years of an operator comprising 14 March 2000 if the operator has made the election provided for in paragraph 2 of subsection 2 of section 2.

A / B.

In the formula provided for in the first paragraph,

(a) A is the member’s share of the income or loss of the partnership for the fiscal period; and

(b) B is the income or loss of the partnership for the fiscal period.

“1029.8.21.36. For the purposes of this division, two or more corporations or partnerships are deemed to be members of an associated group, in a taxation year or fiscal period, or at the end of a taxation year or fiscal period, if it may reasonably be considered that one of the main reasons for the separate existence of those corporations or partnerships in that year or period, or at the end of that year or period, is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division or to increase such an amount.

“1029.8.21.37. For the purposes of this division, a corporation is not a qualified corporation if,

(a) where the corporation is in its first fiscal period, the assets shown in its financial statements submitted to the shareholders at the beginning of its first fiscal period or, where such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown if such financial statements had been prepared in accordance with generally accepted accounting principles, are equal to or greater than \$12,000,000 ; or

ii. the corporation's gross revenue for its preceding taxation year is equal to or greater than \$25,000,000.

Where the corporation referred to in the first paragraph is a cooperative, the first paragraph shall be read as if the reference therein to “submitted to the shareholders” were a reference to “submitted to the members”.

“1029.8.21.38. For the purposes of section 1029.8.21.37, in computing the assets of a corporation at any time, the amount that is the surplus reassessment of its property at that time and the amount of its intangible assets at that time shall be subtracted, to the extent that the amount indicated in their respect exceeds the expenditure made in their respect.

All or part of an expenditure made in respect of intangible assets is deemed to be nil if it consists of shares of the capital stock of a corporation or capital of a cooperative.

“1029.8.21.39. For the purposes of section 1029.8.21.37, the assets of a corporation that is a member in a taxation year of an associated group is equal to the amount by which the aggregate of all amounts each of which is the assets of a member of that group, as determined in accordance with sections 1029.8.21.37 and 1029.8.21.38, exceeds the aggregate of the amounts of investments the members own in each other and the balance of inter-corporate accounts.

“1029.8.21.40. Where a corporation or, if the corporation is a member of an associated group, another member of that group reduces its assets by any transaction in a taxation year and, but for that reduction, the corporation would not be a qualified corporation by reason of section 1029.8.21.37, the assets are deemed for the purposes of this division not to have been so reduced unless the Minister decides otherwise.

“1029.8.21.41. For the purposes of section 1029.8.21.37, the gross revenue of a corporation that is a member of an associated group in a taxation year is the amount that would be the gross revenue of that group for the year if it were computed from the consolidated financial statement of the members of that group.

(*a*) would, but for this paragraph, reduce, because of that subparagraph 1, the preparation costs of the corporation for the year in respect of the property, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister for the taxation year under section 1029.8.36.0.0.14 in respect of the property ;

(*b*) for the purpose of determining the amount that the new corporation is deemed to have paid to the Minister under this division for the calendar year, the new corporation is deemed to have paid, in the preceding period, the aggregate of all amounts each of which is the salaries or wages paid by a predecessor corporation to an employee in a period within the preceding period for which the employee

i. is an eligible employee of the predecessor corporation, or

(a) the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in its base period in relation to the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in its base period in relation to the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Québec area is deemed to be equal to the amount by which the amount otherwise determined exceeds the amount determined by the formula

$B \times D$; and

(c) the purchaser is deemed

i. to have an eligible amount for the particular calendar year equal to the aggregate of its eligible amount for the year otherwise determined and the amount that is that proportion of the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in a period within the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in a period within the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Québec area, to the extent that the employee may reasonably be considered to have been assigned to the carrying out of the part of the activities that diminished or ceased at the particular time, that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year during which the vendor carried out those activities, and

ii. to have a base amount in relation to the particular calendar year equal to the aggregate of

(1) the base amount of the purchaser otherwise determined in relation to the particular calendar year,

(2) the amount that is that proportion of the salaries or wages paid by the vendor to an employee in a period within the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in a period within the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Québec area, to the extent that the salaries or wages may reasonably be considered to relate to the carrying out by the employee of the part of the

activities that diminished or ceased at the particular time, that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year during which the vendor carried out those activities, and

(3) the aggregate of all amounts each of which is the salaries or wages paid by the purchaser to an employee in a period of the particular calendar year and after the particular time for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the purchaser situated in Québec, that were paid by the purchaser in a period of the particular calendar year and after the particular time for which the employee would be an eligible employee of the purchaser if the establishment where the employee so reported for work had been situated in the Québec area, to the extent that the salaries or wages may reasonably be considered to relate to the carrying out by the employee of the part of the activities that began or increased at the particular time.

In the formulas provided for in subparagraphs *a* and *b* of the first paragraph,

(*a*) *A* is the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in its base period for the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in a period within the year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Québec area ;

(*b*) *B* is the proportion that the number of the vendor's employees referred to in subparagraph *a* who are assigned to the part of the activities that diminished or ceased at the particular time is of the number of the vendor's employees assigned to those activities immediately before the particular time ;

(*c*) *C*, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, is the proportion that the number of days in the particular calendar year following the particular time is of 365 ; and

(*d*) *D* is the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in a period within the particular calendar year preceding the particular time for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in a period within the particular calendar year preceding the particular time for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Québec area.

Where a corporation is, at any time in a calendar year, a purchaser in relation to activities carried out by another corporation and, at a subsequent

time in the same calendar year, that corporation is a vendor in relation to all of those activities, this section does not apply to the corporation neither as vendor nor as purchaser in respect of the activities and, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister under this division, the corporation is deemed to have paid, from that time to the subsequent time, no portion of the salaries or wages that may reasonably be considered to relate to the employees of the corporation assigned to the carrying out of the activities that ceased after the subsequent time.

For the purposes of this section, where a corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried out by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to part of those activities, the following rules apply for the purpose of determining the eligible amount of the corporation for the year and the base amount of the corporation in relation to that year:

(a) the corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry out after that time; and

(b) the other corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry out after that time.

Where a particular corporation is, at any time in a calendar year, a purchaser in relation to certain activities carried out by a corporation and that corporation has been, at an earlier time in the calendar year, a purchaser in relation to those activities carried out by another corporation, in applying this section to the particular corporation, subparagraph i of subparagraph c of the first paragraph and subparagraph 2 of subparagraph ii of that subparagraph c shall be read as if the reference therein to “vendor” were a reference to all the corporations that were, in the calendar year and before that time, vendors in respect of the activities.

“1029.8.36.72.12. For the purposes of this division, where a corporation has received, is entitled to receive or may reasonably expect to receive non-government assistance, or where a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, in respect of a taxation year or a fiscal period in which the base period of the corporation ends in relation to a calendar year, in respect of a recognized business, or a business that would have been a recognized business if a qualification certificate had been issued in its respect, and where it may reasonably be considered that the main reason for the assistance or the benefit or advantage is to reduce, in accordance with subparagraph i or iii of paragraph a or b of section 1029.8.36.72.7, as the case may be, the amount of the salaries or wages paid

by the corporation in its base period, in relation to the business, so as to cause the corporation to be deemed to have paid an amount to the Minister under this division for a taxation year or to increase an amount that the corporation is deemed to have paid to the Minister under this division for a taxation year, the amount of the assistance or of the benefit or advantage is deemed to be zero.

“1029.8.36.72.13. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a calendar year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division in respect of that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division in respect of that year, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.

“1029.8.36.72.14. The Minister may obtain the advice of the Ministère de l’Industrie et du Commerce to determine, for the purposes of this division, whether an activity is directly related to the manufacturing or, as the case may be, the commercialization of apparatus or equipment related to the optics, photonics or laser sector.

(2) the amount that is that proportion of the salaries or wages paid by the vendor to an employee in a period within the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in a period within the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Saguenay–Lac-Saint-Jean area, to the extent that the salaries or wages

may reasonably be considered to relate to the carrying out by the employee of the part of the activities that diminished or ceased at the particular time, that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year during which the vendor carried out those activities, and

(3) the aggregate of all amounts each of which is the salaries or wages paid by the purchaser to an employee in a period of the particular calendar year and after the particular time for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the purchaser situated in Québec, that were paid by the purchaser in a period of the particular calendar year and after the particular time for which the employee would be an eligible employee of the purchaser if the establishment where the employee so reported for work had been situated in the Saguenay–Lac-Saint-Jean area, to the extent that the salaries or wages may reasonably be considered to relate to the carrying out by the employee of the part of the activities that began or increased at the particular time.

(*b*) B is the proportion that the number of the vendor’s employees referred to in subparagraph *a* who are assigned to the part of the activities that diminished or ceased at the particular time is of the number of the vendor’s employees assigned to those activities immediately before the particular time ;

Where a corporation is, at any time in a calendar year, a purchaser in relation to activities carried out by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to all of those activities, this section does not apply to the corporation neither as vendor nor as purchaser in respect of the activities and, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister under this division, the corporation is deemed to have paid, from that time to the subsequent time, no portion of the salaries or wages that may reasonably be considered to relate to the employees of the corporation assigned to the carrying out of the activities that ceased after the subsequent time.

For the purposes of this section, where a corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried out by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to part of those activities, the following rules apply for the purpose of determining the eligible amount of the corporation for the year and the base amount of the corporation in relation to that year :

(a) the corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry out after that time ; and

(b) the other corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry out after that time.

Where a particular corporation is, at any time in a calendar year, a purchaser in relation to certain activities carried out by a corporation and that corporation has been, at an earlier time in the calendar year, a purchaser in relation to those activities carried out by another corporation, in applying this section to the particular corporation, subparagraph i of subparagraph c of the first paragraph and subparagraph 2 of subparagraph ii of that subparagraph c shall be read as if the reference therein to “vendor” were a reference to all the corporations that were, in the calendar year and before that time, vendors in respect of the activities.

For the purposes of this division, where a corporation has received, is entitled to receive or may reasonably expect to receive non-government assistance, or where a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, in respect of a taxation year or a fiscal period in which the base period of the corporation ends in relation to a calendar year, in respect of a recognized business, or a business that would have been a recognized business if a qualification certificate had been issued in its respect, and where it may reasonably be considered that the main reason for the assistance or the benefit or advantage is to reduce, in

accordance with subparagraph i or iii of paragraph *a* or *b* of section 1029.8.36.72.21, as the case may be, the amount of the salaries or wages paid by the corporation in its base period, in relation to the business, so as to cause the corporation to be deemed to have paid an amount to the Minister under this division for a taxation year or to increase an amount that the corporation is deemed to have paid to the Minister under this division for a taxation year, the amount of the assistance or of the benefit or advantage is deemed to be zero.

“1029.8.36.72.27. In the formulas provided for in subparagraphs *a* and *b* of the first paragraph,

(*a*) A is the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in its base period for the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in a period within the year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Angus Technopole ;

(b) B is the proportion that the number of the vendor's employees referred to in subparagraph *a* who are assigned to the part of the activities that diminished or ceased at the particular time is of the number of the vendor's employees assigned to those activities immediately before the particular time;

(c) C, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, is the proportion that the number of days in the particular calendar year following the particular time is of 365; and

(d) D is the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in a period within the particular calendar year preceding the particular time for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, that were paid by the vendor in a period within the particular calendar year preceding the particular time for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the Angus Technopole.

Where a corporation is, at any time in a calendar year, a purchaser in relation to activities carried out by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to all of those activities, this section does not apply to the corporation neither as vendor nor as purchaser in respect of the activities and, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister under this division, the corporation is deemed to have paid, from that time to the subsequent time, no portion of the salaries or wages that may reasonably be considered to relate to the employees of the corporation assigned to the carrying out of the activities that ceased after the subsequent time.

For the purposes of this section, where a corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried out by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to part of those activities, the following rules apply for the purpose of determining the eligible amount of the corporation for the year and the base amount of the corporation in relation to that year:

(a) the corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry out after that time; and

(b) the other corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry out after that time.

Where a particular corporation is, at any time in a calendar year, a purchaser in relation to certain activities carried out by a corporation and that corporation has been, at an earlier time in the calendar year, a purchaser in relation to those activities carried out by another corporation, in applying this section to the particular corporation, subparagraph i of subparagraph c of the first paragraph and subparagraph 2 of subparagraph ii of that subparagraph c shall be read as if the reference therein to “vendor” were a reference to all the corporations that were, in the calendar year and before that time, vendors in respect of the activities.

“1029.8.36.72.40. For the purposes of this division, where a corporation has received, is entitled to receive or may reasonably expect to receive non-government assistance, or where a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, in respect of a taxation year or a fiscal period in which the base period of the corporation ends in relation to a calendar year, in respect of a recognized business, or a business that would have been a recognized business if a qualification certificate had been issued in its respect, and where it may reasonably be considered that the main reason for the assistance or the benefit or advantage is to reduce, in accordance with subparagraph i or iii of paragraph a or b of section 1029.8.36.72.35, as the case may be, the amount of the salaries or wages paid by the corporation in its base period, in relation to the business, so as to cause the corporation to be deemed to have paid an amount to the Minister under this division for a taxation year or to increase an amount that the corporation is deemed to have paid to the Minister under this division for a taxation year, the amount of the assistance or of the benefit or advantage is deemed to be zero.

“1029.8.36.72.41. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a calendar year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division in respect of that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division in respect of that year, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.

“1029.8.36.72.42. The Minister may obtain the advice of Investissement-Québec to determine, for the purposes of this division, whether an activity is directly related to manufacturing, recycling or site purification and decontamination activities, or to the commercialization of goods or services resulting from such activities.”

However, where the definition of “deemed start-up expenditure” in the first paragraph of section 1029.8.36.89 of the said Act applies in respect of a qualified investment fund for which the period referred to in subparagraph ii of paragraph *a* of the definition of “qualified start-up expenditure” in the first paragraph ends before 20 December 2001, the definition shall be read with “the end of the period referred to in subparagraph ii of paragraph *a* of the definition of “qualified start-up expenditure”” replaced by “20 December 2001”.

(3) Paragraph 3 of subsection 1 has effect from 15 March 2000.

An associated group at the end of a taxation year means the group formed by all the corporations that would be associated with each other at that time if the portion of section 21.20 before paragraph *a* were read as if the reference to “in a taxation year” were a reference to “at the end of a taxation year” and the reference to “at any time in the year” were a reference to “at that time”.

“**1029.8.36.89.2.** For the purposes of this division, two or more corporations are deemed to be members of an associated group in a taxation year or at the end of a taxation year, as the case may be, if it may reasonably be considered that one of the main reasons for the separate existence of the corporations in that year or at the end of that year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division or to increase such an amount.”

(2) Subsection 1 has effect from 15 March 2000.

189. (1) The said Act is amended by inserting, after section 1029.8.36.124, the following:

“DIVISION II.6.12

“CREDIT FOR SOLICITATION EXPENDITURE IN RESPECT OF A FOREIGN INVESTMENT FUND

“§1. — *Interpretation and general*

“qualified international financial transaction” in respect of a foreign investment fund, carried out by a corporation or partnership operating an international financial centre, means foreign investment fund management that

(a) is related to a solicitation activity engaged in at an earlier time by the corporation or partnership;

(b) is carried out by the corporation or partnership, after 14 March 2000 and before 1 January 2005, in the course of the operations of the international financial centre, for or on behalf of a foreign investment fund promoter with which the corporation or partnership is dealing at arm’s length,

i. under a written agreement for the supply of services, and

ii. within a period of three years beginning on the effective date of the agreement referred to in subparagraph i; and

(c) constitutes a type of activity that was at no time carried on for or on behalf of the promoter referred to in paragraph *b*, by the corporation or partnership or by a person not dealing at arm’s length with the corporation or partnership, during that part of the taxation year of the corporation, prior to the effective date of the agreement referred to in subparagraph i of paragraph *b*, in which the agreement became effective or the three preceding taxation years, or, as the case may be, during that part of the fiscal period of the partnership, prior to the effective date of the agreement, in which the agreement became effective or the three preceding fiscal periods;

“qualified solicitation expenditure” in respect of a foreign investment fund, made by a corporation or partnership operating an international financial centre means, for a taxation year or fiscal period, a lump sum, paid in the taxation year or fiscal period but after 14 March 2000 and before 1 January 2002 by the corporation or partnership in the course of the operations of the

international financial centre to a promoter of a foreign investment fund, in respect of which a certificate issued by the Minister of Finance certifies that the amount corresponds to the costs charged by such a promoter to grant to the corporation or partnership a mandate to manage a foreign investment fund;

“tax-exempt taxpayer” means

(a) a person who is exempt from tax under Book VIII, other than an insurer referred to in paragraph *k* of section 998 not so exempt from tax on the totality of its taxable income by reason of section 999.0.1;

(b) a corporation that would be exempt from tax under section 985 but for section 192; or

(c) a trust one of the capital or income beneficiaries of which is a person mentioned in paragraph *a* or *b*.

“1029.8.36.126. An associated group in a taxation year or fiscal period means the group formed by all the corporations and partnerships operating an international financial centre in the year or fiscal period that are associated with each other in the year and, for the purposes of this section, a partnership operating an international financial centre in a fiscal period is deemed to be a corporation the taxation year of which corresponds to the partnership’s fiscal period and all of the voting shares in the capital stock of which are owned in the fiscal period by each member of the partnership in a proportion equal to the proportion that

(a) the member’s share of the income or loss of the partnership for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership’s income for that fiscal period is equal to \$1,000,000, is of

(b) the income or loss of the partnership for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership’s income for that fiscal period is equal to \$1,000,000.

An associated group at the end of a taxation year or fiscal period means the group formed by all the corporations and partnerships operating an international financial centre at the end of the taxation year or fiscal period that would be associated with each other at that time if the portion of section 21.20 before paragraph *a* were read as if the reference to “in a taxation year” were a reference to “at the end of a taxation year” and the reference to “at any time in the year” were a reference to “at that time”.

“1029.8.36.127. For the purposes of this division, two or more corporations or partnerships operating an international financial centre are deemed to be members of an associated group, in a taxation year or fiscal period, or at the end of a taxation year or fiscal period, if it may reasonably be considered that one of the main reasons for the separate existence of those

corporations or partnerships in that year or period, or at the end of that year or period, is to cause a corporation or a taxpayer, other than a tax-exempt taxpayer, who is a member of a partnership to be deemed to have paid an amount to the Minister under this division or to increase such an amount.

“1029.8.36.128. For the purposes of this division, unless the context indicates otherwise, a taxpayer’s share, as a member of a partnership, of any amount for a fiscal period of the partnership is equal to such proportion of that amount as the taxpayer’s share of the income or loss of the partnership for that fiscal period is of the income or loss of the partnership for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership’s income for that fiscal period is equal to \$1,000,000.

(a) 50% of the amount by which

i. the aggregate of all amounts each of which is a qualified solicitation expenditure in respect of the fund made by the corporation for the year or either of the two preceding taxation years, exceeds

ii. 200% of the amount by which the aggregate of all amounts each of which is the amount that the corporation is deemed to have paid to the Minister in respect of the fund under this section for either of the two preceding taxation years referred to in subparagraph i exceeds the aggregate of all amounts each of which is the amount that the corporation would have been deemed to have paid to the Minister in respect of the fund under this section for one of those two preceding taxation years if no qualified solicitation expenditure in respect of the fund made by the corporation for those two preceding taxation years and no repayment under section 1029.8.36.143 relating to such qualified solicitation expenditure in respect of the fund made by the corporation had been taken into account;

(b) 25% of the corporation’s qualified gross revenue for the year, from a qualified international financial transaction in respect of the fund;

(c) subject to section 1029.8.36.139, \$150,000; and

(d) where the corporation is a member of an associated group at the end of the year, the amount attributed to it for the year in respect of the fund, pursuant to the agreement referred to in section 1029.8.36.135 or, where the corporation is not a member of an associated group at the end of the year, the amount by which \$300,000 exceeds the aggregate of all amounts each of which is an amount deemed under this section or section 1029.8.36.132 to have been paid to the Minister in respect of the fund

For the purposes of subparagraph iii of subparagraph *d* of the first paragraph, where a particular corporation or a particular partnership was a member of a particular associated group in a preceding taxation year, of which the corporation was not a member, the corporation is deemed to be a member of the particular associated group in the preceding taxation year.

(a) where the corporation is a member of an associated group at the end of the year, the amount attributed to it for the year pursuant to the agreement referred to in section 1029.8.36.137 ;

(b) where the corporation is not a member of an associated group at the end of the year but is a member of an associated group in the year, the amount by which \$750,000 exceeds the aggregate of all amounts each of which is an amount deemed under section 1029.8.36.129 or 1029.8.36.132 to have been paid to the Minister by another member corporation of the group for a taxation

year ending in the year, or by a taxpayer who is a member, at the end of a fiscal period, of a member partnership of the group, for a taxation year in which that fiscal period ends and ending in the year; or

(c) in any other case, \$750,000.

“1029.8.36.131. A corporation operating an international financial centre shall not be deemed to have paid an amount to the Minister under section 1029.8.36.129 for a taxation year unless the corporation encloses with its fiscal return it is required to file for the year under section 1000

(a) a copy of the valid certificate issued to the corporation for the year or, as the case may be, for any of the two preceding taxation years, in respect of a qualified solicitation expenditure in respect of a foreign investment fund, and referred to in the definition of “qualified solicitation expenditure” in section 1029.8.36.125; and

(b) where the corporation is a member of an associated group at the end of the year, the agreement referred to in section 1029.8.36.135 or 1029.8.36.137, in prescribed form.

“PART III.0.3

“SPECIAL TAX RELATING TO E-COMMERCE SOLUTIONS

“1129.0.16. In this Part,

“e-commerce solution” has the meaning assigned by the first paragraph of section 1029.8.21.32;

“eligible e-commerce solution” has the meaning assigned by section 1029.8.21.32;

“eligible production expenditure” has the meaning assigned by the first paragraph of section 1029.8.21.32;

“fiscal period” has the meaning assigned by Part I;

“Minister” means the Minister of Revenue ;

“production expenditure” has the meaning assigned by the first paragraph of section 1029.8.21.32 ;

“taxation year” has the meaning assigned by Part I.

“1129.0.17. Every corporation that is deemed to have paid an amount to the Minister, under section 1029.8.21.42, on account of the corporation’s tax payable under Part I for a particular taxation year shall pay a tax equal to the amount determined under the second paragraph for a subsequent taxation year, in this section referred to as a “repayment year”, where

(a) the amount of all or part of an eligible production expenditure of the corporation for the particular year, in respect of which the corporation is so deemed to have paid an amount, is deemed to have been refunded to the corporation in the repayment year; or

(b) an amount, in relation to an expenditure that is included in an eligible production expenditure of the corporation for the particular year in respect of which the corporation is so deemed to have paid an amount, is, in the repayment year, directly or indirectly, refunded, deemed to have been refunded or otherwise paid to the corporation, or allocated to a payment to be made by the corporation.

The tax referred to in the first paragraph is equal to the amount by which the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.21.42 exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.21.42 for that particular year, if every amount that has been, at or before the end of the repayment year, so refunded, paid, allocated or deemed to have been refunded had been refunded, paid, allocated or deemed to have been refunded in the particular year; and

(b) any amount of tax that the corporation is required to pay to the Minister under this section, for a taxation year preceding the repayment year, in respect of the amount the corporation is deemed to have paid to the Minister for the particular year.

“1129.0.18. For the purposes of section 1129.0.17,

(a) an amount, equal to all or part of the eligible production expenditure of a qualified corporation for a particular taxation year in respect of an eligible e-commerce solution, is deemed to have been refunded to that corporation in its taxation year that includes 1 April 2003, if that eligible e-commerce solution ceased to be eligible, for all or part of the particular year to which that amount may reasonably be attributed, as the case may be, because the conditions set out in paragraphs *a* and *b* of the definition of “eligible e-commerce solution” in the first paragraph of section 1029.8.21.32 had not been satisfied or had not again been satisfied, as the case may be, in respect of that corporation, on or before 31 March 2003;

(b) an amount, equal to the cost of application software that is a production expenditure included in the eligible production expenditure of a qualified corporation for a taxation year in respect of an eligible e-commerce solution or to the portion of the consideration that is included in such an eligible

production expenditure and that may reasonably be considered to relate to the cost of application software that is a production expenditure, is deemed to have been refunded to that corporation in its taxation year that includes 1 April 2003, if

- i. the cost of the software or the portion of the consideration is not included in an amount that is deemed to have been refunded under subparagraph *a*; and
- ii. the software has not been integrated into the eligible e-commerce solution before 1 April 2003.

Section 1129.0.17 does not apply, for a particular taxation year, to any amount that is refunded or otherwise paid to a corporation, or allocated to a payment to be made by the corporation, if the particular amount is included in an amount that is deemed to have been refunded, under the first paragraph, in that particular year or in a preceding taxation year.

“1129.0.19. Every corporation that is a member of a partnership and that is deemed to have paid an amount to the Minister, under section 1029.8.21.44, in respect of that partnership, on account of the corporation’s tax payable under Part I for a particular taxation year in which a particular fiscal period of that partnership ends shall pay a tax equal to the amount determined under the second paragraph for the taxation year ending in the subsequent fiscal period, in this section referred to as a “fiscal period of repayment”, where

(*a*) the amount of all or part of an eligible production expenditure of the partnership for the particular fiscal period, in respect of which the corporation is so deemed to have paid an amount, is deemed to have been refunded to the partnership in the fiscal period of repayment; or

(*b*) an amount, in relation to an expenditure that is included in an eligible production expenditure of the partnership for the particular fiscal period in respect of which the corporation is so deemed to have paid an amount, is, in the fiscal period of repayment, directly or indirectly, refunded, deemed to have been refunded or otherwise paid to the partnership or corporation, or allocated to a payment to be made by the partnership or corporation.

The tax referred to in the first paragraph is equal to the amount by which the amount that the corporation would be deemed to have paid to the Minister for the particular year under section 1029.8.21.44, if the corporation’s share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation’s share for the fiscal period of repayment, exceeds the aggregate of

(*a*) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.21.44, for the particular year if

i. any amount that has been, at or before the end of the fiscal period of repayment, so refunded, paid, allocated or deemed to have been refunded had been refunded, paid, allocated or deemed to have been refunded in the particular fiscal period; and

ii. the corporation's share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation's share for the fiscal period of repayment; and

For the purpose of computing the amount provided for in subparagraph *a* of the second paragraph, an amount referred to in subparagraph *i* of that paragraph that is refunded or otherwise paid to the corporation, or allocated to a payment to be made by the corporation, is deemed to be an amount

(a) refunded or otherwise paid to the partnership, or allocated to a payment to be made by the partnership; and

(b) obtained by multiplying the amount refunded, paid or allocated, otherwise determined, by the proportion that the income or loss of the partnership for the fiscal period of repayment is of the corporation's share of that income or loss, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership's income for the fiscal period is equal to \$1,000,000.

“1129.0.20. For the purposes of section 1129.0.19,

(a) an amount, equal to all or part of the eligible production expenditure of a qualified partnership for a particular fiscal period in respect of an eligible e-commerce solution, is deemed to have been refunded to that partnership in its fiscal period that includes 1 April 2003, if that eligible e-commerce solution ceased to be eligible, for all or part of the particular fiscal period to which that amount may reasonably be attributed, as the case may be, because the conditions set out in paragraphs *a* and *b* of the definition of “eligible e-commerce solution” in the first paragraph of section 1029.8.21.32 had not been satisfied or had not again been satisfied, as the case may be, in respect of that partnership, on or before 31 March 2003;

(b) an amount, equal to the cost of application software that is a production expenditure included in the eligible production expenditure of an eligible partnership for a fiscal period in respect of an eligible e-commerce solution or to the portion of the consideration that is included in such an eligible production

expenditure and that may reasonably be considered to relate to the cost of application software that is a production expenditure, is deemed to have been refunded to that partnership in its fiscal period that includes 1 April 2003, if

- i. the cost of the software or the portion of the consideration is not included in an amount that is deemed to have been refunded under subparagraph *a*; and
- ii. the software has not been integrated into the eligible e-commerce solution before 1 April 2003.

Section 1129.0.19 does not apply, for a particular fiscal period, to any amount that is refunded or otherwise paid to a corporation, or allocated to a payment to be made by the corporation, if the particular amount is included in an amount that is deemed to have been refunded, under the first paragraph, in that particular year or in a preceding taxation year.

(*a*) tax paid to the Minister by a corporation at any time, under section 1129.0.17, in relation to an expenditure that is included in an eligible production expenditure of the corporation, is deemed to be an amount of assistance repaid by the corporation at that time in respect of that expenditure, pursuant to a legal obligation; and

(*a*) the corporation paid a particular qualified solicitation expenditure in a particular taxation year;

“1129.45.29. Every taxpayer shall pay for the taxation year in which the subsequent fiscal period referred to in subparagraph *b* ends, on or before the taxpayer’s balance-due day for that taxation year, a tax equal to the amount provided for in the second paragraph where

(c) the taxpayer is deemed to have paid to the Minister, under section 1029.8.36.132, in respect of the partnership, an amount on account of the taxpayer's tax payable under Part I for the particular taxation year or for a subsequent taxation year in which either of the two fiscal periods ends, subsequent to that particular fiscal period of the partnership and that is not subsequent to the taxation year in which the fiscal period of repayment ends.

The tax referred to in the first paragraph is equal to the amount by which

(a) the aggregate of all amounts each of which is the amount that, if the taxpayer's share of any amount for any fiscal period were the taxpayer's share of that amount for the fiscal period of repayment, the taxpayer would have been deemed to have paid to the Minister under section 1029.8.36.132 in respect of the partnership for the particular taxation year, or for a subsequent taxation year in which either of the two fiscal periods ends, subsequent to the particular fiscal period of the partnership and that is not subsequent to the taxation year in which the fiscal period of repayment ends; exceeds

(b) the aggregate of the amounts, each of which is

i. the amount that, if the taxpayer's share of the particular qualified solicitation expenditure for any fiscal period were reduced by any amount that, in respect of such expenditure and in the fiscal period of repayment or a preceding fiscal period, was, directly or indirectly, refunded or otherwise paid to the taxpayer or allocated to a payment to be made by the taxpayer and of the taxpayer's share of any amount for that fiscal period that, in respect of that expenditure and in the fiscal period of repayment or a preceding fiscal period, was, directly or indirectly, refunded or otherwise paid to the partnership or allocated to a payment to be made by the partnership, and if the taxpayer's share of any amount for any fiscal period were the taxpayer's share of that amount for the fiscal period of repayment, the taxpayer would have been deemed to have paid to the Minister under section 1029.8.36.132 in respect of the partnership for a particular taxation year, or for a taxation year in which either of the two fiscal periods ends, subsequent to the particular fiscal period of the partnership and that is not subsequent to the taxation year in which the fiscal period of repayment ends, or

For the purposes of the second paragraph, a taxpayer's share, as a member of a partnership, of any amount for a fiscal period of the partnership is equal to such proportion of that amount as the taxpayer's share of the income or loss of the partnership for that fiscal period is of the income or loss of the partnership

for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership's income for that fiscal period is equal to \$1,000,000.

“1129.45.30. For the purposes of Part I, except for Division II.6.12 of Chapter III.1 of Title III of Book IX, tax paid to the Minister by a taxpayer at any time, under this Part, in relation to a particular expenditure, is deemed to be an amount of assistance repaid at that time in respect of that expenditure pursuant to a legal obligation, by
