## **EXPLANATORY NOTES**

*This Act establishes the Autorité des marchés publics (the Authority) to oversee all public procurement for public bodies, including municipal bodies, and apply the Act respecting contracting by public bodies as regards ineligibility for public contracts, prior authorization to obtain public contracts or subcontracts and contractor performance evaluations in relation to the performance of contracts.*

*In particular, the Authority may examine the compliance of a tendering or awarding process for a public contract of a public body on the Authority's own initiative, after a complaint is filed by an interested person, on the request of the Chair of the Conseil du trésor or the minister responsible for municipal affairs or following a communication of information.*

*The Authority may furthermore, in certain circumstances, examine the performance of a contract awarded by a public body.*

*The Authority must also ensure that the contract management of a public body it designates or of a public body designated by the Government is carried out in accordance with the normative framework.*

*Various powers are conferred on the Authority, including the powers to audit and investigate and, following an audit or investigation, to make orders or recommendations or suspend or cancel a contract.*

*The Act determines the Authority's organizational and operational rules, in particular with respect to its administrative structure. It specifies that the Authority is to be composed of a president and chief executive officer appointed by the National Assembly and vice-presidents appointed by the Government. It also specifies certain governance measures to be applied by the Authority, such as establishing a strategic plan approved by the Government and rules of ethics.*

*Moreover, the Act respecting contracting by public bodies and the Acts governing municipal bodies are amended in order to require bodies to publish a notice of intention before entering into certain contracts by mutual agreement and to establish a procedure for receiving and examining the complaints filed with them about the tendering or awarding process for a public contract.*

*The Act respecting contracting by public bodies is also amended*

*(1) to ensure the permanent nature of the system of ineligibility for public contracts and harmonize it with the system of authorizations to contract;*

*(2) to allow the Government to require an enterprise to obtain an authorization to contract while it is in the process of performing a public contract or in order to enter into a public contract or subcontract involving an expenditure below the applicable authorization threshold;*

*(3) to allow the Authority to cancel an application for authorization to contract or suspend such an authorization if the enterprise concerned fails to communicate information;*

*(4) to prevent an enterprise that has withdrawn its application for authorization to contract, or that has had its application cancelled, from filing a new application within the year after the withdrawal or cancellation;*

*(5) to allow the Chair of the Conseil du trésor to authorize the implementation of pilot projects aimed at testing various measures to facilitate the payment of enterprises party to public contracts and subcontracts;*

*(6) to confer on the Conseil du trésor the power to give permission, in exceptional circumstances, to continue a contracting process despite a decision of the Authority;*

*(7) to introduce a penal offence for anyone who communicates or attempts to communicate with a member of a selection committee for the purpose of influencing the member and provide for a three-year prescriptive period for penal proceedings that begins to run from the time the prosecutor becomes aware of the commission of the offence without exceeding seven years since the offence was committed; and*

*(8) to limit the disclosure of information that allows the number of enterprises that asked for a copy of the tender documents or that tendered a bid to be known or that allows those enterprises to be identified.*

*Lastly, the Act amends the Tax Administration Act to allow the Agence du revenu du Québec to communicate to the Authority information obtained under fiscal laws that the Authority needs in order to apply the provisions concerning the system of authorizations to contract.*

# Bill 108

## AN ACT TO FACILITATE OVERSIGHT OF PUBLIC BODIES' CONTRACTS AND TO ESTABLISH THE AUTORITÉ DES MARCHÉS PUBLICS

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

### CHAPTER I

#### ESTABLISHMENT AND ORGANIZATION

**1.** A public procurement authority is established under the name “Autorité des marchés publics” (the Authority).

The Authority is a legal person and a mandatary of the State.

**2.** The property of the Authority forms part of the domain of the State, but the execution of the obligations of the Authority may be levied against its property.

The Authority binds none but itself when it acts in its own name.

**3.** The Authority has its head office in the national capital at the location it determines. A notice of the location of the head office, and of any change in its location, must be published in the *Gazette officielle du Québec*.

**4.** The Authority’s president and chief executive officer is appointed by the National Assembly, on the recommendation of the Prime Minister and with the approval of at least two-thirds of its Members, from among the persons declared qualified to hold that office by a selection committee composed of the Secretary of the Conseil du trésor, the Deputy Minister of Municipal Affairs and Land Occupancy, the Deputy Minister of Justice or their representatives, an advocate recommended by the Bâtonnier of the Province of Québec and a chartered professional accountant recommended by the president of the Ordre des comptables professionnels agréés du Québec.

The Chair of the Conseil du trésor publishes a notice inviting interested persons to apply for the office of president and chief executive officer or to propose the name of a person they consider qualified to hold that office in accordance with the procedure the Chair determines.

The selection committee promptly evaluates the candidates on the basis of their knowledge, particularly in public contract matters, their experience and their qualifications, according to the criteria determined in Schedule 1. The committee presents to the Chair of the Conseil du trésor a report in which it lists the candidates it has met whom it considers qualified to hold the office of president and chief executive officer. All information and documents regarding the candidates and the proceedings of the committee are confidential.

When the evaluation is concluded, if fewer than three candidates are considered qualified to hold the office of president and chief executive officer, the Chair of the Conseil du trésor must publish a new invitation for applications.

The members of the committee receive no remuneration, except in the cases and on the conditions that may be determined by the Government. They are, however, entitled to the reimbursement of expenses to the extent determined by the Government.

The Government may amend Schedule 1.

**5.** On the recommendation of the Chair of the Conseil du trésor, the Government appoints one or more vice-presidents to assist the Authority's president and chief executive officer.

The vice-presidents are chosen from a list of persons declared qualified to hold that office by a selection committee composed of the Secretary of the Conseil du trésor, the Deputy Minister of Municipal Affairs and Land Occupancy or their representatives and the Authority's president and chief executive officer.

**6.** The minimum requirements to be appointed as president and chief executive officer or vice-president and to remain in that office are

(1) to be of good moral character; and

(2) not to have been found guilty anywhere of an offence for an act or omission that is either an offence under the Criminal Code (Revised Statutes of Canada, 1985, chapter C-46) or an offence, referred to in section 183 of that Code, under any of the Acts listed in that section and that is related to the employment, unless the person has obtained a pardon.

**7.** The president and chief executive officer's term is seven years and may not be renewed. A vice-president's term is of a fixed duration of not more than five years and may be renewed. On the expiry of their terms, the president and chief executive officer remains in office until he or she is replaced, and the vice-presidents remain in office until they are replaced or reappointed, as the case may be.

The president and chief executive officer and the vice-presidents exercise their functions on a full-time basis.

**8.** The Government determines the remuneration, employee benefits and other conditions of employment of the president and chief executive officer and the vice-presidents.

**9.** The president and chief executive officer is responsible for the administration and direction of the Authority.

The president and chief executive officer designates a vice-president or one or more members of the Authority's staff to replace him or her when he or she is absent or unable to act.

**10.** The vice-presidents assist the president and chief executive officer in the exercise of his or her functions and powers and exercise their administrative functions under the president and chief executive officer's authority.

**11.** Subject to the applicable legislative provisions, the president and chief executive officer may delegate any function or power under this Act or the Act respecting contracting by public bodies (chapter C-65.1) to one of the Authority's vice-presidents or any member of the Authority's staff. The decision is published on the Authority's website.

The president and chief executive officer may, in the instrument of delegation, authorize the subdelegation of specified functions and powers and, in that case, identifies the vice-president or staff member to whom they may be subdelegated.

**12.** The decisions made by the Authority and certified true by the president and chief executive officer, or by any other person authorized by the president and chief executive officer, are authentic. The same applies to the documents or copies of documents emanating from the Authority or forming part of its records when they have been signed or certified true by any such person.

**13.** Subject to the conditions determined by by-law, the Authority may allow the signature of the president and chief executive officer or a delegatee referred to in the second paragraph of section 9 or in section 11 to be affixed by means of an automatic device on the documents determined by by-law.

**14.** A by-law made by the Authority establishes a staffing plan as well as the procedure for appointing the members of its staff and the selection criteria.

Subject to the provisions of a collective agreement, such a by-law also determines the standards and scales of staff members' remuneration, employee benefits and other conditions of employment in accordance with the conditions defined by the Government.

**15.** The conditions set out in paragraphs 1 and 2 of section 6 must be met for a person to be hired as a member of the Authority's staff and remain as such.

**16.** The president and chief executive officer and the vice-presidents may not have a direct or indirect interest in a body, enterprise or association that may cause their personal interest to conflict with the duties of their office. If the interest devolves to them by succession or gift, they must renounce it or dispose of it with diligence.

Members of the Authority's staff who have a direct or indirect interest in a body, enterprise or association that may cause their personal interest to conflict with the Authority's interest must, on pain of dismissal, disclose it in writing to the president and chief executive officer and, if applicable, refrain from participating in any decision pertaining to the body, enterprise or association.

**17.** The Authority determines, by by-law, the rules of ethics and the disciplinary sanctions applicable to staff members.

**18.** The Authority must establish a strategic plan according to the form, content and timetable determined by the Government. The plan must state

- (1) the Authority's objectives and strategic directions;
- (2) the results targeted over the period covered by the plan;
- (3) the performance indicators to be used in measuring results; and
- (4) any other element determined by the Chair of the Conseil du trésor.

The plan requires the Government's approval.

## **CHAPTER II**

### **MISSION**

**19.** The Authority's mission is

- (1) to oversee all public contracts, in particular, the tendering and awarding processes for those contracts;
- (2) to apply Chapter V.1 of the Act respecting contracting by public bodies concerning ineligibility for public contracts;
- (3) to apply Chapter V.2 of that Act concerning the prior authorization required to obtain a public contract or subcontract;
- (4) to apply Chapter V.3 of that Act concerning performance evaluations; and
- (5) to establish the operating rules of the electronic tendering system in collaboration with the secretariat of the Conseil du trésor.

It is also the Authority's mission to oversee all other contracting processes determined by the Government, on the conditions it determines.

**20.** For the purposes of this Act,

(1) "public contract" means

(a) a contract described in section 3 of the Act respecting contracting by public bodies that a public body, other than a municipal body, may enter into; and

(b) a contract for the performance of work or the supply of insurance, equipment, materials or services that a municipal body may enter into;

(2) "public body" means a body referred to in section 4 or section 7 of the Act respecting contracting by public bodies, or a municipal body;

(3) "municipal body" means a municipality, a metropolitan community, an intermunicipal board, a public transit authority, a Northern village, the Kativik Regional Government, a mixed enterprise company and any other person or body subject to any of sections 573 to 573.3.4 of the Cities and Towns Act (chapter C-19), articles 934 to 938.4 of the Municipal Code of Québec (chapter C-27.1), sections 106 to 118.2 of the Act respecting the Communauté métropolitaine de Montréal (chapter C-37.01), sections 99 to 111.2 of the Act respecting the Communauté métropolitaine de Québec (chapter C-37.02) or sections 92.1 to 108.2 of the Act respecting public transit authorities (chapter S-30.01);

(4) "mixed enterprise company" means a company established under the Act respecting mixed enterprise companies in the municipal sector (chapter S-25.01) or any similar body constituted under a private Act, in particular those constituted under chapters 56, 61 and 69 of the statutes of 1994, chapter 84 of the statutes of 1995 and chapter 47 of the statutes of 2004; and

(5) "electronic tendering system" means the electronic tendering system referred to in section 11 of the Act respecting contracting by public bodies.

Despite subparagraph 1 of the first paragraph, for the purposes of Chapter IV, "public contract" means

(1) in the case of a contract described in the first or third paragraph of section 3 of the Act respecting contracting by public bodies, a contract involving an expenditure equal to or above the applicable lowest public tender threshold;

(2) in the case of a contract for the performance of work or the supply of insurance, equipment, materials or services that a municipal body other than a mixed enterprise company may enter into, a contract involving an expenditure equal to or above the applicable lowest public tender threshold; and

(3) a contract for the performance of work or the supply of insurance, equipment, materials or services that a mixed enterprise company may enter into after a public call for tenders.

This Act does not however apply to a Cree or Naskapi village.

## **CHAPTER III**

### **FUNCTIONS AND POWERS**

#### **DIVISION I**

##### **FUNCTIONS OF THE AUTHORITY**

**21.** The Authority's functions are

(1) to examine the tendering or awarding process for a public contract following a complaint under Division I or II of Chapter IV, for the purposes of an intervention under Chapter V or following a communication of information under Chapter VI;

(2) to examine the performance of a public contract following an intervention or a communication of information under subparagraph 1;

(3) to ensure coherence is maintained in the examination of tendering and awarding processes for public contracts and in the examination of the performance of such contracts;

(4) to examine the contract management of a public body the Authority designates or of a public body designated by the Government, in particular the definition of procurement requirements, contract awarding processes, contract performance and accountability reporting;

(5) to monitor public contracts particularly for the purpose of analyzing procurement trends and public bodies' contracting practices and identifying problematic situations that affect competition;

(6) to exercise the functions assigned to it under Chapters V.1 to V.3 of the Act respecting contracting by public bodies and, in particular, to keep the register of enterprises ineligible for public contracts and the register of enterprises authorized to enter into a public contract or subcontract; and

(7) to exercise any other function determined by the Government in relation to the Authority's mission.

For the purposes of subparagraph 4 of the first paragraph, the Authority may designate a public body only if the exercise of the functions set out in subparagraphs 1 and 2 of the first paragraph has revealed repeated failures to comply with the normative framework, pointing to significant deficiencies in contract management matters.

The Government or the Authority, as the case may be, determines the conditions under which and the manner in which an examination of a public body's contract management under subparagraph 4 of the first paragraph is to be conducted. The conditions and manner are published on the Authority's website.

## **DIVISION II**

### **POWERS OF THE AUTHORITY**

#### *§1.—Audit and investigation*

**22.** The Authority may conduct an audit to verify compliance with this Act. The Authority may also conduct an audit to determine whether the tendering or awarding process for a public contract, the performance of a public contract or the contract management of a public body designated under subparagraph 4 of the first paragraph of section 21 is carried out in compliance with the normative framework to which the public body concerned is subject.

**23.** On the Authority's request, the public body being audited must send or otherwise make available to the Authority within the time it specifies all documents and information the Authority considers necessary to conduct the audit.

**24.** For the purposes of an audit, any authorized person may

(1) enter, at any reasonable hour, the establishment of a public body or any other premises in which relevant documents or information may be kept;

(2) use any computer, equipment or other thing that is on the premises to access data contained in an electronic device, computer system or other medium or to audit, examine, process, copy or print out such data; and

(3) require from the persons present any relevant information as well as the production of any book, register, account, contract, record or other relevant document and make copies.

Any person who has the custody, possession or control of documents referred to in this section must communicate them to the person conducting the audit and facilitate their examination by that person.

**25.** The person authorized to conduct the audit must, on request, produce identification and, if applicable, show the document attesting his or her authorization.

**26.** The Authority may conduct an investigation to ascertain whether the contract management of a public body designated under subparagraph 4 of the first paragraph of section 21 is carried out in compliance with the normative framework to which the body is subject.

The Authority may also conduct an investigation into the commission of an offence under section 28 or 66.

For the purposes of the first paragraph, the Authority is vested with the powers and immunity of commissioners appointed under the Act respecting public inquiry commissions (chapter C-37), except the power to order imprisonment.

**27.** The Authority may, in writing, entrust the mandate of conducting an audit to a person who is not a member of its staff and who meets the conditions set out in paragraphs 1 and 2 of section 6. For that purpose, the Authority may delegate the exercise of its powers to that person.

The Authority may also, on the same conditions, entrust the mandate of conducting an investigation to such a person. In the case of an investigation under the first paragraph of section 26, the person is then vested with the powers and immunity referred to in the third paragraph of that section.

**28.** Any person who

(1) hinders or attempts to hinder a person conducting an audit or investigation, refuses to provide any information or document that he or she must send or make available, or conceals or destroys any document relevant to an audit or investigation,

(2) by an act or omission, helps another person to commit an offence under subparagraph 1, or

(3) by encouragement, advice, consent, authorization or command, induces another person to commit an offence under subparagraph 1,

is guilty of an offence and is liable to a fine of \$4,000 to \$20,000.

The fines are doubled for a subsequent offence.

## §2. — *Orders and recommendations*

**29.** When an audit or investigation is concluded, the Authority may

(1) order the public body to amend, to the Authority's satisfaction, its tender documents or cancel the public call for tenders if the Authority is of the opinion that the conditions of the call for tenders do not ensure the honest and fair

treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the normative framework;

(2) order the public body not to follow up on its intention to enter into a public contract by mutual agreement if the Authority is of the opinion that a complainant that has expressed interest is capable of carrying out the contract according to the procurement requirements and obligations stated in the notice of intention, in which case the public body must issue a public call for tenders if it intends to enter into the contract;

(3) order the public body to call on an independent process auditor for the tendering processes the Authority indicates;

(4) designate an independent person to act as a member of a selection committee for the tendering of a public contract the Authority indicates;

(5) despite any prohibition against the disclosure of information relating to a selection committee member's identity or allowing a selection committee member to be identified as such, order the public body to send the Authority, for approval, the composition of the selection committees for the tendering processes the Authority indicates; and

(6) when the Authority exercises the functions assigned to it under subparagraph 4 of the first paragraph of section 21, suspend the performance of any public contract for the time it specifies or cancel such a contract if it is of the opinion that the seriousness of the breaches observed as regards contract management justifies suspending or cancelling the contract.

The decisions made by the Authority are public and must be made available by the Authority on its website. However, in the case of a decision made under subparagraph 4 of the first paragraph, the identity of the person designated to act as a member of a selection committee must not be disclosed.

In addition, following a decision made under subparagraph 1 or 2 of the first paragraph, the Authority requires the operator of the electronic tendering system to enter a brief description of the decision on the system without delay.

Despite the first paragraph, if the audit or investigation concerns a municipal body, a decision of the Authority takes the form of a recommendation to the body's council or board.

**30.** A decision of the Authority under subparagraph 6 of the first paragraph of section 29 must include reasons and be sent without delay to the chief executive officer of the public body and the contractor concerned.

If it concerns a public body other than a municipal body, a decision referred to in the first paragraph to suspend the performance of a public contract becomes effective on the date and for the time the Authority specifies, and a decision to cancel a public contract becomes effective on the date the Authority specifies.

**31.** The Authority may also

(1) make recommendations to the Chair of the Conseil du trésor or the minister responsible for municipal affairs on the tendering or awarding processes for public contracts and give its opinion on any question submitted to it by the Chair or the minister concerning matters under the Authority's jurisdiction;

(2) make recommendations to the chief executive officer of a public body on the tendering or awarding processes for a contract, on the performance of a contract or, when the Authority exercises the functions assigned to it under subparagraph 4 of the first paragraph of section 21, on the body's contract management, which may propose corrective measures, appropriate follow-up and any other measures, such as oversight and monitoring measures;

(3) recommend to the Conseil du trésor that it require, on the conditions it determines, that a public body, other than a municipal body,

(a) associate itself with another public body designated by the Conseil du trésor for the tendering or awarding processes the Conseil indicates, or

(b) entrust to another public body designated by the Conseil du trésor the responsibility of conducting the tendering or awarding processes the Conseil indicates;

(4) recommend to the Chair of the Conseil du trésor or the minister responsible for municipal affairs that the Chair or minister recommend to the Government that the Government determine, in accordance with section 21.17.1 of the Act respecting contracting by public bodies, other public contracts, categories of public contracts or groups of public contracts, including public subcontracts, for which an authorization to contract is required;

(5) recommend to the Chair of the Conseil du trésor or the minister responsible for municipal affairs that the Chair or minister recommend to the Government that the Government require, in accordance with section 21.17.2 of the Act respecting contracting by public bodies, an enterprise party to a public contract or subcontract that is in process to obtain an authorization to contract;

(6) recommend to the minister responsible for municipal affairs

(a) that the minister intervene under section 7 of the Act respecting the Ministère des Affaires municipales, des Régions et de l'Occupation du territoire (chapter M-22.1), or

(b) that the minister give, under section 14 of that Act, any instructions the minister considers appropriate to the council or board of a municipal body, in which case the prior verification or investigation referred to in that section is not required; and

(7) as part of its monitoring of public contracts, collect, compile and analyze information on such contracts and disseminate the resulting findings among the public bodies.

Subparagraph 3 of the first paragraph does not apply to bodies of the administrative branch established to exercise adjudicative functions and does not apply to bodies described in section 7 of the Act respecting contracting by public bodies to the extent that it concerns a tendering process.

For the purposes of subparagraphs 3 to 6 of the first paragraph, the Authority must send a copy of the record it has established to the Conseil du trésor, the Chair of the Conseil du trésor or the minister responsible for municipal affairs.

Recommendations made by the Authority under subparagraph 2 of the first paragraph are public and must be made available by the Authority on its website.

**32.** For the purposes of this Act, the chief executive officer of a public body, other than a municipal body, is the person responsible for the day-to-day management of the body, such as the deputy minister, the president or the director general.

However, in the case of a general and vocational college or university-level educational institution, the chief executive officer corresponds to the board of governors and, in the case of a school board, to the council of commissioners.

A board or council referred to in the second paragraph may, by regulation, delegate all or part of the functions to be exercised by the chief executive officer to the executive committee, the director general or, in the case of a university-level educational institution, a member of the senior administrative personnel within the meaning of the Act respecting educational institutions at the university level (chapter E-14.1).

**33.** For the purposes of this Act, the chief executive officer of a municipal body is the council or board of directors of the body. The council or board may delegate all or part of the functions assigned to it under this Act to the executive committee or the director general or, failing that, to the employee holding the highest office within the body.

The delegation of functions by a municipal council, the council of a metropolitan community, a Northern village or the Kativik Regional Government or by the board of directors of an intermunicipal board or transit authority must be made by by-law.

§3.— *Other powers*

**34.** On the Authority’s request, a public body must send or otherwise make available to the Authority within the time it specifies all documents and information the Authority considers necessary to exercise its monitoring functions under subparagraph 5 of the first paragraph of section 21.

**35.** If the Authority issues recommendations, it may require that it be informed in writing, within the time specified, of the measures taken by the public body to follow up on the recommendations.

**36.** For the exercise of its functions, the Authority may, as provided by law, enter into an agreement with a government other than the Gouvernement du Québec, with a department or body of such a government or with an international organization or a body of such an organization.

The Authority may also enter into an agreement with a public body or any other person or partnership with a view to facilitating the application of this Act.

## **CHAPTER IV**

### **COMPLAINTS**

#### **DIVISION I**

##### **COMPLAINTS RESULTING FROM A PUBLIC BODY’S DECISION**

§1.— *Tendering process*

**37.** An interested person or partnership or the person’s or partnership’s representative may file a complaint with the Authority about the tendering process for a public contract if, after complaining to the public body that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the normative framework, the person, partnership or representative disagrees with the public body’s decision.

The complaint must be filed with the Authority not later than three days after the complainant receives the public body’s decision. If that deadline expires on a holiday, it is extended to the next working day. For the purposes of this paragraph, Saturday is considered a holiday, as are 2 January and 26 December.

§2.—*Awarding process*

**38.** An interested person or partnership or the person's or partnership's representative may file a complaint with the Authority about the awarding process for a public contract if, after expressing interest in carrying out the contract to the public body that published the notice of intention required by law, the person, partnership or representative disagrees with the public body's decision.

The complaint must be filed with the Authority not later than three days after the complainant receives the public body's decision. If that deadline expires on a holiday, it is extended to the next working day. For the purposes of this paragraph, Saturday is considered a holiday, as are 2 January and 26 December.

## **DIVISION II**

### **COMPLAINTS NOT RESULTING FROM A PUBLIC BODY'S DECISION**

§1.—*Tendering process*

**39.** An interested person or partnership or the person's or partnership's representative may file a complaint with the Authority about the tendering process for a public contract if, after complaining as described in section 37, the person, partnership or representative has still not received the public body's decision three days before the tender closing date determined by the public body.

The complaint must be filed with the Authority not later than that date.

**40.** An interested person or partnership or the person's or partnership's representative may also file a complaint with the Authority about the tendering process for a public contract if, after being informed of an amendment made to the tender documents during the period starting two days before the complaint filing deadline indicated on the electronic tendering system, the person, partnership or representative is of the opinion that the amendment contains conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the normative framework.

The complaint must be filed with the Authority not later than two days before the tender closing date indicated on the electronic tendering system.

The first paragraph applies regardless of whether the person or partnership had first communicated with the public body that amended the tender documents.

§2.—*Awarding process*

**41.** An interested person or partnership or the person's or partnership's representative may file a complaint with the Authority about the awarding process for a public contract if, after an expression of interest referred to in section 38, the person, partnership or representative has still not received the public body's decision three days before the projected contract date.

The complaint must be filed with the Authority not later than one day before the projected contract date indicated on the electronic tendering system.

**42.** An interested person or partnership or the person's or partnership's representative may also file a complaint with the Authority about the awarding process for a public contract if the notice of intention required by law was not published on the electronic tendering system.

### **DIVISION III**

#### **SPECIAL PROVISIONS**

**43.** For the purposes of sections 37, 39 and 40, a group of interested persons or interested partnerships or its representative may, on the same conditions, file a complaint with the Authority.

**44.** Despite Divisions I and II, no complaint may be filed concerning an amendment made to the tender documents in accordance with an order or recommendation of the Authority.

### **DIVISION IV**

#### **COMPLAINT PROCESSING**

**45.** A complaint must be filed electronically with the Authority in the form it determines and in accordance with the procedure it establishes. The procedure must, in particular,

- (1) specify how a complaint must be filed and how complaints are processed;
- (2) indicate the information the complaint must include; and
- (3) allow the complainant and the chief executive officer of the public body referred to in the complaint to submit observations.

The Authority must publish the procedure on its website.

**46.** The Authority dismisses a complaint if

- (1) it considers the complaint to be abusive, frivolous or clearly unfounded;
- (2) the complaint has not been sent in accordance with section 45 or has been filed late;
- (3) the complainant does not have the required interest;
- (4) the complaint concerns an amendment made to the tender documents in accordance with an order or recommendation of the Authority;
- (5) the complainant should have first filed a complaint with or expressed its interest to the public body;
- (6) the complainant refuses or neglects to provide, within the time specified by the Authority, the information or documents that the Authority requires; or
- (7) the complainant is pursuing or has pursued a judicial remedy based on the same facts as those set out in the complaint.

In all cases, the Authority must inform the complainant and give the reasons for its decision in writing. It must also send its decision to the public body concerned if the complaint was dismissed after the body's observations were obtained.

If the Authority dismisses a complaint under subparagraph 2, 3 or 5 of the first paragraph, the information sent by the complainant is deemed to have been communicated to the Authority under section 56.

Despite the preceding paragraphs, the Authority may, in exceptional circumstances, consider a complaint that has not been filed in accordance with section 45 or that has been filed late to be admissible if the Authority considers it relevant to examine the complaint. For the purposes of this paragraph, the examination of a complaint is relevant in such cases as when the complaint concerns a tendering process and is filed before the tender closing date.

**47.** If the Authority considers that a complaint under Division I or II is admissible, the Authority informs the public body, which must in turn, without delay, submit its observations to the Authority and, as applicable, send the Authority a copy of the reasons for its decision on the complaint or the expression of interest that it has processed.

**48.** In the case of a complaint about a tendering process, the Authority must, if need be, defer the submission of bids until a new tender closing date is set by the public body in accordance with the second paragraph of section 50.

In the case of a complaint about an awarding process, the Authority must, if need be, defer the projected contract date.

In the cases referred to in the first and second paragraphs, the Authority informs the public body concerned and the complainant of the deferral, and requires the operator of the electronic tendering system to make an entry to that effect on the system without delay.

**49.** The Authority has 10 days from the time it receives the public body's observations to make its decision.

If the complaint cannot be processed within the time period specified in the first paragraph because of the complexity of the elements raised, the Authority determines such an additional time period as is sufficient to allow it to finish processing the complaint.

However, if the public body demonstrates to the Authority's satisfaction that the additional time period determined under the second paragraph would prevent the body from properly fulfilling its mission, adversely affect the services offered to citizens, enterprises or other public bodies, result in a contravention of laws and regulations or raise any other public interest issue, the Authority then has only an additional period of five days to make its decision unless it agrees with the body on a longer time period.

If the Authority fails to make a decision before the expiry of the additional time period determined under this section, it is deemed to have decided that, with regard to the elements raised in the complaint, the tendering or awarding process for the contract complies with the normative framework.

**50.** When the examination of a complaint under Division I or II is concluded, the Authority sends its decision with reasons in writing to the complainant and the public body concerned.

If the Authority's decision on a complaint referred to in section 37, 39 or 40 allows the tendering process to continue, the public body must ensure that a time period of at least seven days is granted for tendering a bid if the decision results in an amendment to the tender documents. The time period must be of at least two days if the decision does not result in an amendment to the tender documents. The public body enters on the electronic tendering system a new tender closing date, as the case may be, that allows for those time periods.

The second paragraph does not apply to a tendering process of a municipal body.

**51.** It is forbidden to take a reprisal in any manner whatever against a person or partnership that files a complaint with the Authority or again to threaten to take a reprisal against a person or partnership so that he, she or it will abstain from filing a complaint with the Authority.

A person or partnership who believes himself, herself or itself to be a victim of a reprisal may file a complaint with the Authority so that the Authority may determine if the complaint is substantiated and make any recommendations it considers appropriate to the chief executive officer of the public body concerned by the reprisal. Section 46 applies to the follow-up of the complaint, with the necessary modifications.

When the examination is concluded, the Authority informs the complainant of its findings and, if applicable, its recommendations.

**52.** No civil action may be instituted against a person or partnership for or as a consequence of a complaint that the person or partnership filed in good faith under this chapter, whatever the Authority's conclusions, or for or as a consequence of the publication of a report by the Authority under this Act.

Moreover, nothing in this Act restricts a complainant's right, after the Authority has processed the complainant's complaint, to pursue a remedy based on the same facts as those set out in the complaint.

## **CHAPTER V**

### **INTERVENTION**

**53.** The Authority may, on its own initiative or on the request of the Chair of the Conseil du trésor or the minister responsible for municipal affairs, examine a tendering or awarding process for a public contract or examine the performance of such a contract if the public body concerned does not appear to be acting, in respect of the process or contract, in compliance with the normative framework.

When the Authority's intervention concerns an ongoing tendering or awarding process, sections 48 and 49 and the second paragraph of section 50 apply, as the case may be, with the necessary modifications.

**54.** The Authority informs the public body's chief executive officer of the reasons for its intervention and invites him or her to submit observations.

**55.** When the examination is concluded, the Authority sends its decision with reasons in writing to the public body concerned, the minister responsible for the body and, if applicable, the Chair of the Conseil du trésor or the minister responsible for municipal affairs who required the intervention.

## CHAPTER VI

### COMMUNICATION OF INFORMATION TO THE AUTHORITY

**56.** A person may communicate information to the Authority about the tendering or awarding process for a public contract or the performance of such a contract if the public body concerned does not appear to be acting or to have acted, in respect of the process or contract, in compliance with the normative framework.

The first paragraph applies despite the provisions on the communication of information in the Act respecting the protection of personal information in the private sector (chapter P-39.1) and the Act respecting Access to documents held by public bodies and the Protection of personal information (chapter A-2.1), except those in section 33 of the latter Act. It also applies despite any other communication restrictions under a law and any duty of confidentiality or loyalty that may be binding on a person, including toward an employer or, if applicable, a client.

However, the lifting of professional secrecy authorized under this section does not apply to professional secrecy between a lawyer or a notary and a client.

**57.** The Authority must establish a procedure for the communication of information under section 56 and publish it on its website.

**58.** A person who communicates or wishes to communicate information under section 56, who cooperates in an audit conducted on the grounds of such a communication or who believes himself or herself to be a victim of a reprisal forbidden under section 63 may apply to the Public Protector for access to legal advice under section 26 of the Act to facilitate the disclosure of wrongdoings relating to public bodies (chapter D-11.1), in which case the third and fourth paragraphs of that section apply, with the necessary modifications.

**59.** If the Authority considers it relevant to examine the process or performance of the contract referred to in the communication of information, it informs the public body's chief executive officer of the reasons for the examination and invites him or her to submit observations.

**60.** When the examination is concluded, the Authority sends its decision with reasons in writing to the public body concerned. The decision may not take the form of an order described in subparagraph 1 or 2 of the first paragraph of section 29.

In addition, the Authority informs the person who made the communication of any follow-up given to it.

The Authority may also, if it considers it relevant, send a copy of its decision to the minister responsible for the public body.

**61.** The Authority must take all measures necessary to protect the identity of persons who have communicated with it. The Authority may nonetheless communicate the identity of such persons to the Anti-Corruption Commissioner, the inspector general of Ville de Montréal or the Public Protector, as the case may be.

**62.** A person who, in good faith, communicates information or cooperates in an audit conducted on the grounds of such a communication incurs no civil liability for doing so.

**63.** It is forbidden to take a reprisal against a person on the ground that the person has, in good faith, communicated information or cooperated in an audit conducted on the grounds of such a communication.

It is also forbidden to threaten to take a reprisal against a person so that the person will abstain from communicating information or cooperating in an audit conducted on the grounds of such a communication.

**64.** The demotion, suspension, dismissal or transfer of a person referred to in section 63 or any other disciplinary measure or measure that adversely affects such a person's employment or conditions of employment is presumed to be a reprisal within the meaning of that section.

**65.** Any person who believes himself or herself to be a victim of a reprisal may file a complaint with the Authority so that the Authority may determine whether the complaint is substantiated and make any recommendations it considers appropriate to the chief executive officer of the public body concerned by the reprisal. Section 46 applies to the follow-up of the complaint, with the necessary modifications.

If the reprisal of which the person believes himself or herself to be a victim seems, in the Authority's opinion, to constitute a prohibited practice within the meaning of subparagraph 14 of the first paragraph of section 122 of the Act respecting labour standards (chapter N-1.1), the Authority refers the person to the Commission des normes, de l'équité, de la santé et de la sécurité du travail.

When the examination is concluded, the Authority informs the complainant of its findings and, if applicable, its recommendations.

**66.** Any person who

(1) communicates information under section 56 that the person knows to be false or misleading,

(2) contravenes section 63,

(3) by an act or omission, helps another person to commit an offence under subparagraph 1 or 2, or

(4) by encouragement, advice, consent, authorization or command, induces another person to commit an offence under subparagraph 1 or 2,

is guilty of an offence and is liable to a fine of \$2,000 to \$20,000 in the case of a natural person or \$10,000 to \$250,000 in any other case.

The fines are doubled for a subsequent offence.

## **CHAPTER VII**

### **CANCELLATION BY OPERATION OF LAW**

**67.** Any public contract entered into following a tendering or awarding process continued by a public body before the Authority has made a decision on a complaint filed under Division I or II of Chapter IV, or, subject to section 25.0.1 of the Act respecting contracting by public bodies, in contravention of an order made by the Authority under subparagraph 1 or 2 of the first paragraph of section 29, is cancelled by operation of law from the time the body and its contractor receive notification from the Authority to that effect.

In addition, a contract entered into by mutual agreement by a public body without the prior publication of the notice of intention required by law is cancelled by operation of law from the time the body and its contractor receive notification from the Authority to that effect.

This section does not apply to a contract entered into by a municipal body.

## **CHAPTER VIII**

### **MISCELLANEOUS PROVISIONS**

**68.** The functions and powers devolved to the Authority in respect of a municipal body, except those that concern the examination of the contract management of a public body referred to in subparagraph 4 of the first paragraph of section 21, are exercised, in respect of Ville de Montréal or a person or body referred to in the second paragraph, by the inspector general of Ville de Montréal. In such a case, the inspector general is substituted for the Authority for the purposes of this Act, with the necessary modifications. The inspector general is bound by the same obligations that would apply to the Authority in the exercise of those functions and powers.

The persons and bodies referred to in the first paragraph are the following:

(1) a legal person referred to in subparagraph 1 of the fifth paragraph of section 57.1.9 of the Charter of Ville de Montréal, metropolis of Québec (chapter C-11.4);

(2) a person or body related to the city under section 70; and

(3) a body referred to in section 573.3.5 of the Cities and Towns Act if

(a) the body referred to in subparagraph 1 of the first paragraph of that section is the mandatary or agent of Ville de Montréal;

(b) in accordance with subparagraph 2 of the first paragraph of that section, the majority of the members of its board of directors are members of the council of Ville de Montréal or appointed by Ville de Montréal;

(c) its budget is adopted or approved by Ville de Montréal;

(d) the body referred to in subparagraph 4 of the first paragraph of that section receives the largest share of all the funds it receives from municipalities from Ville de Montréal; or

(e) the body designated under subparagraph 5 of the first paragraph of that section has its principal place of business in the territory of Ville de Montréal.

The city and a body or person referred to in the second paragraph are bound by the same obligations toward the inspector general as those by which a municipal body would be bound toward the Authority, and the Authority does not exercise any function or power in respect of the city or the body or person, unless the city, body or person is designated under subparagraph 4 of the first paragraph of section 21.

Despite the first and third paragraphs, the Authority may make any recommendation to the inspector general, in particular to ensure that coherence is maintained in the decisions and recommendations made in the examination of the tendering or awarding process for public contracts and the examination of the performance of public contracts.

In addition, the city, the inspector general and any person or body referred to in the second paragraph must send the Authority any document or information necessary for the purposes of the fourth paragraph of this section and subparagraph 7 of the first paragraph of section 31.

The exercise of the functions and powers provided for in the first paragraph in respect of a contracting process or a contract does not prevent the inspector general from exercising, in respect of the same process or contract, the same functions and powers devolved to the inspector under Division VI.0.1 of Chapter II of the Charter of Ville de Montréal, metropolis of Québec.

Penal proceedings for an offence under this Act that the inspector general has uncovered may be brought by Ville de Montréal.

The Government may, at any time, order that the first paragraph not apply in respect of Ville de Montréal or of a person or body referred to in that paragraph.

**69.** The provisions of Chapters IV to VI that concern the examination of a tendering process under subparagraph 1 of the first paragraph of section 21 apply to a process for the certification of goods or the qualification of suppliers, service providers or contractors, with the necessary modifications.

**70.** If, with respect to a municipal body or a person related to a municipality, the Authority issues recommendations under section 29 or under subparagraph 2 of the first paragraph of section 31, dismisses a complaint under section 46, considers a complaint admissible under section 47, determines an additional time period under section 49, makes a decision under section 50, intervenes under section 53, makes a decision under section 55, carries out an examination under section 59 or makes a decision under section 60, the Authority informs the municipality. However, if the municipal body is a local municipality, the Authority does not inform the regional county municipality related to the local municipality, and if the body is a metropolitan community, the Authority does not inform the municipality related to the metropolitan community.

For the purposes of this section, a municipal body, except in the case of a local municipality, or a person is related to a municipality if

- (1) the body's territory includes that of the local municipality;
- (2) the body's territory corresponds to that of the local municipality;
- (3) the body was constituted by the municipality;
- (4) the body is a mixed enterprise company founded by the municipality; or
- (5) the person exercises, within the municipality, the functions assigned to him or her and the person is alone responsible for making the contracts necessary for the exercise of those functions.

In addition, if the Authority intervenes under a provision referred to in the first paragraph in respect of one of the agglomerations governed by the Act respecting the exercise of certain municipal powers in certain urban agglomerations (chapter E-20.001), it informs all the municipalities related to the agglomeration.

**71.** If the Authority considers that information brought to its attention may potentially be a communication under section 57.1.13 of the Charter of Ville de Montréal, metropolis of Québec, a disclosure under section 6 of the Act to facilitate the disclosure of wrongdoings relating to public bodies or a disclosure under section 26 of the Anti-Corruption Act (chapter L-6.1), the Authority sends the information to the inspector general of Ville de Montréal, the Public Protector or the Anti-Corruption Commissioner, as the case may be, as soon as possible.

Similarly, the Authority may send the Chair of the Conseil du trésor or the minister responsible for municipal affairs such information regarding public bodies' contract management as is useful for the discharge of their respective mandates.

A communication of information made by the Authority in accordance with this section is made according to the terms and conditions determined in an agreement.

**72.** Nothing contained in an audit or investigation record under this Act, including the resulting conclusions with reasons, may be construed as a declaration, recognition or extrajudicial admission of misconduct capable of establishing the civil liability of a party in a judicial proceeding.

**73.** Despite section 9 of the Act respecting Access to documents held by public bodies and the Protection of personal information, the Authority may not disclose information that allows a person to be identified as being a member of a selection committee.

**74.** Despite any inconsistent provision of any Act, the president and chief executive officer or a vice-president of the Authority, a member of the Authority's staff acting in the exercise of his or her powers or a mandatary referred to in section 27 may not be compelled, in a judicial proceeding or a proceeding before a person or body exercising adjudicative functions, to make a deposition on information obtained in the exercise of his or her functions or to produce a document containing such information.

**75.** No proceedings may be brought against the Authority, the president and chief executive officer or a vice-president of the Authority, a member of the Authority's staff or a mandatary referred to in section 27 by reason of omissions or acts performed in good faith in the exercise of its or his or her functions.

**76.** Except on a question of jurisdiction, no application for judicial review under the Code of Civil Procedure (chapter C-25.01) may be presented or injunction granted against the Authority, the president and chief executive officer or a vice-president of the Authority, a member of the Authority's staff or a mandatary referred to in section 27 in the exercise of its or his or her functions.

**77.** A judge of the Court of Appeal may, on an application, summarily annul any proceeding instituted, decision rendered or order or injunction made or granted contrary to sections 75 and 76.

## **CHAPTER IX**

### **FINANCIAL PROVISIONS, ACCOUNTS AND REPORTS**

**78.** The Authority's fiscal year ends on 31 March.

**79.** Not later than 30 September each year, the Authority must file its financial statements and a report on its activities and governance for the previous fiscal year with the Chair of the Conseil du trésor.

The financial statements and report must contain all the information required by the Chair.

The report must also contain information on the Authority's oversight activities. In this regard, the report specifies the nature of the complaints that the Authority received under Chapter IV and indicates, for each type of complaint, the number received, dismissed, considered, refused or abandoned.

The report must also describe the examinations conducted by the Authority for the purposes of an intervention under Chapter V or a communication of information under Chapter VI and its main conclusions, if any.

**80.** The Chair of the Conseil du trésor tables the Authority's financial statements and the report referred to in section 79 before the National Assembly within 30 days of receiving them or, if the Assembly is not in session, within 15 days of resumption.

**81.** The Authority provides the Chair of the Conseil du trésor with any information and any other report required by the Chair concerning the Authority's activities.

**82.** The Authority's books and accounts must be audited by the Auditor General each year and whenever the Government so orders.

The Auditor General's report must be filed with the report referred to in section 79 and the Authority's financial statements.

**83.** Each year, the Authority must submit its budget estimates for the following fiscal year to the Chair of the Conseil du trésor, according to the form and content and at the time determined by the Chair.

The estimates require the Government's approval.

**84.** The Authority determines the tariff of fees as well as the other forms of remuneration payable for the services it provides. The tariff and other forms of remuneration may vary according to the type of enterprise or the place where the enterprise mainly carries on its activities.

Such forms of remuneration require the Government's approval.

**85.** The Government may, on the conditions and according to the terms it determines,

(1) guarantee the payment, in principal and interest, of any loan contracted by the Authority and any of its obligations; and

(2) authorize the Minister of Finance to advance to the Authority any amount that is considered necessary for the performance of its obligations or the pursuit of its mission.

The sums that the Government may be called on to pay under the first paragraph are taken out of the Consolidated Revenue Fund.

**86.** The Authority may not, without the Government’s authorization,

(1) contract a loan that causes the aggregate of its outstanding loans to exceed the amount determined by the Government;

(2) make a financial commitment in excess of the limits or in contravention of the terms and conditions determined by the Government; or

(3) acquire or transfer assets in excess of the limits or in contravention of the terms and conditions determined by the Government.

**87.** The sums received by the Authority must be applied to the payment of its obligations. Any surplus is retained by the Authority unless the Government decides otherwise.

## **CHAPTER X**

### **AMENDING PROVISIONS**

#### **ACT RESPECTING CONTRACTING BY PUBLIC BODIES**

**88.** Section 1 of the Act respecting contracting by public bodies (chapter C-65.1) is amended

(1) by inserting the following paragraph after the first paragraph:

“The purpose of this Act is also to determine certain conditions for the public contracts that a body described in section 7 may enter into with such a contractor.”;

(2) by replacing “in the first paragraph” in the second paragraph by “in the first or second paragraph. Such subcontracts are public subcontracts”;

(3) by replacing “in the first or second paragraph” in the third paragraph by “in this section”.

**89.** Section 3 of the Act is amended by inserting “, to the extent that they are not for the acquisition of goods for commercial sale or resale or to be used to produce or provide goods or services for commercial sale or resale” at the end of subparagraph 1 of the first paragraph.

**90.** Section 4 of the Act, amended by section 77 of chapter 21 of the statutes of 2017, is again amended, in the first paragraph,

(1) by replacing subparagraph 2 by the following subparagraph:

“(2) budget-funded bodies listed in Schedule 1 to the Financial Administration Act (chapter A-6.001), except bodies referred to in section 6;”;

(2) by replacing subparagraph 4 by the following subparagraph:

“(4) bodies other than budget-funded bodies listed in Schedule 2 to the Financial Administration Act, even when exercising fiduciary functions, and the Commission de la construction du Québec, the Cree-Québec Forestry Board, the Office franco-québécois pour la jeunesse and the Office Québec-Monde pour la jeunesse;”;

(3) by adding the following subparagraph after subparagraph 6:

“(7) any other body or category of bodies that the Government determines.”

**91.** Section 7 of the Act is amended

(1) by replacing “Bodies other than those referred to in sections 4 to 6 and at least half of whose members or directors are appointed or elected by the Government or by a minister” in the first paragraph by “Bodies listed in Schedule 3 to the Financial Administration Act”;

(2) by adding the following paragraph at the end:

“Section 11 and Chapters V.0.1.1, V.1 and V.2 apply to bodies referred to in the first paragraph and the contracts they enter into, with the necessary modifications.”

**92.** Section 8 of the Act is amended by replacing “subparagraphs 2 to 4 and 6 of the first paragraph of section 4” in the first paragraph by “any of subparagraphs 2 to 4, 6 and 7 of the first paragraph of section 4 or of a body referred to in section 7”.

**93.** Section 13 of the Act is amended

(1) by replacing “subparagraphs 3 and 4” in the second paragraph by “subparagraphs 2 to 4”;

(2) by adding the following paragraph at the end:

“Despite the preceding paragraphs, a public body may, in the cases described in subparagraph 5 of the first paragraph, award the contract following an invitation to tender if there is more than one possible contractor.”

**94.** The Act is amended by inserting the following sections after section 13:

**“13.1.** The public body must, at least 15 days before entering into a contract by mutual agreement under subparagraph 4 of the first paragraph of section 13, publish on the electronic tendering system a notice of intention allowing any enterprise to express its interest in carrying out the contract. The notice of intention must, among other things, specify or include

(1) the name of the enterprise with which the public body intends to enter into the contract by mutual agreement;

(2) a detailed description of the public body’s procurement requirements and the contract obligations;

(3) the projected contract date;

(4) the reasons invoked by the public body for entering into a contract by mutual agreement despite the fact that the contract involves an expenditure equal to or above the public tender threshold; and

(5) the address at which and the deadline by which an enterprise may express interest electronically and demonstrate that it is capable of carrying out the contract according to the procurement requirements and obligations stated in the notice, that deadline being five days before the projected contract date.

For the purposes of this Act, “enterprise” means a legal person established for a private interest, a general, limited or undeclared partnership or a natural person who operates a sole proprietorship.

**“13.2.** If an enterprise has expressed interest in accordance with subparagraph 5 of the first paragraph of section 13.1, the public body must, at least seven days before the projected contract date, electronically send the enterprise its decision as to whether or not it still intends to enter into a contract by mutual agreement. If that seven-day period cannot be complied with, the projected contract date must be deferred by the number of days needed to ensure compliance with that minimum period.

The public body must also inform the enterprise of its right to file a complaint under section 38 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If no enterprise has expressed interest by the deadline under subparagraph 5 of the first paragraph of section 13.1, the public body may enter into the contract before the projected contract date specified in the notice of intention.”

**95.** Section 21.0.2 of the Act is amended

(1) by replacing “responsable de l’observation” in the introductory clause in the French text by “responsable de l’application”;

(2) by replacing “seeing that the contract rules” in paragraph 1 by “seeing that measures are put in place within the public body to comply with the contract rules” and by striking out “are complied with” in that paragraph;

(3) by replacing “à l’observation” in paragraph 5 in the French text by “à l’application”.

**96.** The Act is amended by inserting the following chapter after section 21.0.2:

**“CHAPTER V.0.1.1**

**“FILING OF A COMPLAINT WITH A PUBLIC BODY**

**“DIVISION I**

**“PROCEDURE**

**“21.0.3.** A public body must provide equitable resolution of complaints filed with it in the course of the awarding of a public contract. It must, for that purpose, establish a procedure for receiving and examining complaints.

The public body must make the complaint procedure available on its website.

To be admissible, a complaint must be sent electronically to the person in charge identified in the procedure or, failing that, to the chief executive officer of the public body. A complaint referred to in section 21.0.4 must be filed on the form determined by the Autorité des marchés publics under section 45 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27).

**“DIVISION II**

**“COMPLAINT ABOUT CERTAIN CONTRACTING PROCESSES**

**“21.0.4.** In the case of an ongoing public call for tenders, only an enterprise or a group of enterprises interested in participating in the awarding process or its representative may file a complaint about the process on the grounds that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the normative framework.

The first paragraph also applies to a process for the certification of goods or the qualification of enterprises, with the necessary modifications.

In the case of a body referred to in section 7, this section applies only to the contracting processes preceding the entering into of a contract governed by an intergovernmental agreement.”

**97.** The title of Division I of Chapter V.1 of the Act is amended by striking out “AND OVERSIGHT MEASURES”.

**98.** Section 21.1 of the Act is replaced by the following section:

**“21.1.** An enterprise that is found guilty, by a final judgment, of an offence listed in Schedule I is ineligible for public contracts for five years as of the recording of the finding of guilty in the register of enterprises ineligible for public contracts.”

**99.** Section 21.2 of the Act is amended

(1) by replacing the first paragraph by the following paragraph:

“If an associate of an enterprise is found guilty, by a final judgment, of an offence listed in Schedule I, the enterprise becomes ineligible for public contracts for five years as of the recording of the situation in the register of enterprises ineligible for public contracts.”;

(2) by replacing “the contractor” in the third paragraph by “the enterprise”.

**100.** The Act is amended by inserting the following section after section 21.2:

**“21.2.0.0.1.** An enterprise for which the Autorité des marchés publics (the Authority) refused to grant or renew an authorization required under Chapter V.2 or revoked such an authorization is ineligible for public contracts for five years as of the recording of the decision in the register of enterprises ineligible for public contracts or until the date preceding the date on which the enterprise’s name is registered in the register of authorized enterprises, if the latter date is earlier.

In addition, the legal person in which the enterprise referred to in the first paragraph holds shares carrying 50% or more of the voting rights attached to the shares of the legal person’s capital stock that may be exercised under any circumstances becomes ineligible for public contracts for the same time as the enterprise as of the recording of the situation referred to in the first paragraph in the register of enterprises ineligible for public contracts.”

**101.** Section 21.2.0.1 of the Act is amended

(1) by replacing the introductory clause of the first paragraph by “No finding of guilty may be recorded under section 21.1 or the first paragraph of section 21.2 in the register of enterprises ineligible for public contracts provided for in section 21.6 if”;

(2) by replacing “the Autorité des marchés financiers (the Authority) under Chapter V.2 and, when it was considered, an authorization was granted to the contractor or the authorization held by the contractor” in subparagraph 1 of the first paragraph by “the Authority under Chapter V.2 and, when it was considered, an authorization was granted to the enterprise or the authorization held by the enterprise”;

(3) by replacing “l’Autorité des marchés financiers” in subparagraph 2 of the first paragraph in the French text by “l’Autorité”;

(4) by striking out the second paragraph.

**102.** Sections 21.2.1 and 21.3 of the Act are repealed.

**103.** Section 21.3.1 of the Act is replaced by the following section:

**“21.3.1.** An enterprise that becomes ineligible for public contracts and is in the process of performing a public contract is, subject to being given permission by the Conseil du trésor under section 25.0.2, deemed to have defaulted on performance of the contract on the expiry of a period of 60 days after the date on which it becomes ineligible. However, the enterprise is not deemed to have defaulted as regards honouring the contract guarantees.”

**104.** Section 21.4 of the Act is repealed.

The Chair of the Conseil du trésor may modify or terminate a pilot project at any time. The Chair may also determine the terms and conditions of a pilot project whose violation constitutes an offence and set the minimum and maximum amounts for which the offender is liable. Those amounts may not be less than \$2,500 or greater than \$40,000.

The terms and conditions of a pilot project must be published on the website of the secretariat of the Conseil du trésor. Those terms and conditions may vary according to the public bodies and the public contracts and subcontracts concerned.

The Conseil du trésor may, during a period of one year after the coming into force of the terms and conditions referred to in the second paragraph, determine the public contracts that are to be included in a pilot project. That period may be extended by the Conseil du trésor by up to one year.

Despite any inconsistent provision, a pilot project may not continue for more than three years after the coming into force of the terms and conditions referred to in the second paragraph.

**“24.5.** The public bodies and the enterprises that are party to the public contracts and public subcontracts included in a pilot project under section 24.3 must, as part of the prescribed dispute settlement mechanism and if necessary, call on the services of the non-profit legal person established for a private interest that has entered into an agreement with the Chair of the Conseil du trésor to implement that mechanism.

The Conseil du trésor may subject the permission to certain conditions.

The Conseil du trésor may also, for a reason in the public interest, give a public body or a body referred to in section 7 permission to continue performing a contract despite the fact that the contract is covered by a decision of the Authority under subparagraph 6 of the first paragraph of section 29 of that Act. The Conseil du trésor may subject the permission to certain conditions.

The Conseil du trésor may subject the permission to certain conditions, including that the ineligible enterprise or subcontractor agree to the implementation, at the enterprise’s or subcontractor’s expense, of oversight and monitoring measures.

The body’s chief executive officer must however give the Chair of the Conseil du trésor notice in writing within 15 days.

**“25.0.4.** Within 30 days after being notified by the Authority, under the second paragraph of section 21.39, of the expiry of an enterprise’s authorization to contract, a public body or a body described in section 7 may, for a reason in the public interest, apply to the Conseil du trésor for permission to continue performing a public contract. The Conseil du trésor may subject the permission to certain conditions, including that the enterprise agree to the implementation, at the enterprise’s expense, of oversight and monitoring measures.

**“25.0.5.** Within 15 days after permission is given by the Conseil du trésor under any of sections 25.0.1 to 25.0.4 or within 15 days after the notice that the Chair of the Conseil du trésor receives from the body’s chief executive officer under the second paragraph of section 25.0.3, the Chair of the Conseil du trésor makes public the name of the public body concerned, the name of the enterprise or subcontractor concerned and a summary description of the circumstances or reasons considered by posting them on a website. (4) the reasons invoked allowing the municipality to enter into the contract in accordance with section 573.3; and

(5) the address at which and deadline by which a person may express interest electronically and demonstrate that he, she or it is capable of carrying out the contract on the basis of the procurement requirements and obligations stated in the notice, that deadline being five days before the projected contract date.

**“573.3.0.0.2.** Where a person has expressed interest in entering into the contract in accordance with paragraph 5 of section 573.3.0.0.1, the municipality shall electronically send the person its decision as to the contract, at least seven days before the projected contract date. If that seven-day period cannot be complied with, the contract date must be deferred by the number of days needed to ensure compliance with that minimum period.

The municipality must also inform the person of the person’s right to file a complaint under section 38 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If no person has expressed interest by the deadline under paragraph 5 of section 573.3.0.0.1, the contract may be entered into before the projected contract date specified in the notice of intention.”

**164.** The Act is amended by inserting the following sections after section 573.3.1.2:

**“573.3.1.3.** A municipality must provide equitable resolution of complaints filed with it in the course of the awarding of a contract through a public call for tenders or otherwise. It must, for that purpose, establish a procedure for receiving and examining the complaints filed.

The municipality shall make the procedure available at all times by publishing it on its website. If the municipality does not have a website, it shall publish the procedure on the website of the regional county municipality whose territory contains the municipality’s territory or, if the regional county municipality does not have a website, on another website whose address it shall give public notice of at least once a year.

To be admissible, a complaint must be sent electronically to the person in charge identified in the procedure. A complaint under section 573.3.1.4 must be filed on the form determined by the Autorité des marchés publics under section 45 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27).

For the purpose of applying this section and sections 573.3.1.4 to 573.3.1.7 to Ville de Montréal, the functions provided for in those sections may not be assumed by the inspector general appointed under section 57.1.1 of the Charter of Ville de Montréal, metropolis of Québec (chapter C-11.4).

**“573.3.1.4.** In the case of an ongoing public call for tenders, only a person or group of persons interested in participating in the awarding process or the representative of such a person or group may file a complaint about the process on the grounds that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the municipality’s normative framework.

The complaint must be filed with the municipality not later than the complaint filing deadline indicated on the electronic tendering system approved by the Government. That deadline is determined, subject to the third paragraph, by adding to the date on which the call for tenders is advertised a period corresponding to half the time for receiving tenders but which may not be less than 10 days.

The municipality must ensure that there is a period of at least four working days between the tender closing date and the complaint filing deadline.

Such a complaint may pertain only to the content of the tender documents available on the electronic tendering system not later than two days before that deadline.

The complainant shall, without delay, send a copy of the complaint to the Autorité des marchés publics for information purposes.

On receiving a first complaint, the municipality must make an entry to that effect on the electronic tendering system without delay, after having ascertained the complainant's interest.

Any amendment made to the tender documents before the complaint filing deadline indicated on the electronic tendering system that modifies the tender closing date defers the complaint filing deadline by a period corresponding to half the number of days by which the tender submission period was extended.

Any amendment made three days or less before the tender closing date results in a minimum three-day deferral of that date. However, the deferral must be such as to ensure that the day preceding the new tender closing date is a working day.

For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“573.3.1.5.** Any amendment made to the tender documents must contain the information relating to the deadline for filing a complaint under section 573.3.1.4 or under section 40 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27). Any amendment made to the tender documents must also indicate whether it results from a recommendation of the Autorité des marchés publics.

**“573.3.1.6.** In the case of a complaint under section 573.3.1.4, the municipality must send the complainant its decision electronically after the complaint filing deadline but not later than three days before the tender closing date it has determined. If necessary, the municipality must defer the tender closing date.

If the municipality has received two or more complaints about the same call for tenders, it must send both or all of its decisions at the same time.

The municipality must, when sending its decision on a complaint filed with it, make an entry to that effect on the electronic tendering system without delay.

The municipality must defer the tender closing date by the number of days needed to allow a minimum period of seven days to remain from the date its decision is sent.

The municipality must also, if applicable, inform the complainant of the complainant's right to file a complaint under section 37 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If, two days before the tender closing date, the municipality has not indicated on the electronic tendering system that it has sent its decision on a complaint, the system operator must, without delay, defer the tender closing date by four days. If the deferred date falls on a holiday, it must again be deferred to the second next working day. In addition, if the day preceding the deferred date is not a working day, that date must be deferred to the next working day. For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“573.3.1.7.** Sections 573.3.1.3 to 573.3.1.6 apply to certification or qualification processes, with the necessary modifications.”

**165.** Section 573.3.3.2 of the Act is amended by replacing “by section 21.3 of that Act and that conferred on the minister responsible by section 21.5 of that Act” in the second paragraph by “by sections 25.0.2 and 25.0.3 of that Act and the responsibilities conferred on the Chair of the Conseil du trésor by sections 25.0.3 and 25.0.5 of that Act”.

**166.** Section 573.3.3.3 of the Act is amended

(1) by replacing “21.17 to 21.20, 21.25, 21.34, 21.38, 21.39, 21.41, 27.6 to 27.9, 27.11, 27.13 and 27.14” in the first paragraph by “21.3.1, 21.17 to 21.17.2, 21.18, 21.25, 21.34, 21.35, 21.38, 21.39, 21.41, 21.41.1, 25.0.2 to 25.0.5, 27.6 to 27.9, 27.11, 27.13, 27.14 and 27.14.1”;

(2) by inserting “or is designated by the Government under section 21.17.1 of that Act” after “21.17 of that Act” in the first paragraph;

(3) by inserting “or is designated by the Government under section 21.17.1 of that Act” after “21.17 of that Act” in the second paragraph;

(4) by adding the following paragraph at the end:

“For the purposes of the application of Chapter V.2 of that Act to municipalities, a natural person is considered to be an enterprise even if the person does not operate a sole proprietorship.”

**167.** Section 573.3.3.4 of the Act is amended by adding the following paragraph at the end:

“This section does not apply in the case of a person presenting a proposal to a selection committee formed to determine the winner of a competition.”

**168.** The Act is amended by inserting the following sections after section 573.3.3.4:

**“573.3.3.5.** A member of a selection committee who discloses or makes known, without being duly authorized to do so, any confidential information that is sent to the member or that came to the member’s knowledge in the exercise of the member’s functions within the committee is guilty of an offence and is liable to a fine of \$5,000 to \$30,000.

In the case of a subsequent offence, the minimum and maximum fines are doubled.

**“573.3.3.6.** Penal proceedings under section 573.3.1.1.1, 573.3.3.4 or 573.3.3.5 must be instituted within three years after the time the prosecutor becomes aware of the commission of the offence. However, no proceedings may be instituted if more than seven years have elapsed since the date of the offence.”

If that seven-day period cannot be complied with, the contract date must be deferred by the number of days needed to ensure compliance with that minimum period.

The municipality must also inform the person of the person’s right to file a complaint under section 38 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

To be admissible, a complaint must be sent electronically to the person in charge identified in the procedure. A complaint under section 106.4 must be filed on the form determined by the Autorité des marchés publics under section 45 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27).

**“106.4.** In the case of an ongoing public call for tenders, only a person or group of persons interested in participating in the awarding process or the representative of such a person or group may file a complaint about the process on the grounds that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the Community’s normative framework.

The complaint must be filed with the Community not later than the complaint filing deadline indicated on the electronic tendering system approved by the Government. That deadline is determined, subject to the third paragraph, by adding to the date on which the call for tenders is advertised a period corresponding to half the time for receiving tenders but which may not be less than 10 days.

The Community must ensure that there is a period of at least four working days between the tender closing date and the complaint filing deadline.

Such a complaint may pertain only to the content of the tender documents available on the electronic tendering system not later than two days before that deadline.

The complainant shall, without delay, send a copy of the complaint to the Autorité des marchés publics for information purposes.

On receiving a first complaint, the Community must make an entry to that effect on the electronic tendering system without delay, after having ascertained the complainant’s interest.

Any amendment made to the tender documents before the complaint filing deadline indicated on the electronic tendering system that modifies the tender closing date defers the complaint filing deadline by a period corresponding to half the number of days by which the tender submission period was extended.

Any amendment made three days or less before the tender closing date results in a minimum three-day deferral of that date. However, the deferral must be such as to ensure that the day preceding the new tender closing date is a working day.

For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“106.5.** Any amendment made to the tender documents must contain the information relating to the deadline for filing a complaint under section 106.4 or under section 40 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27). Any amendment made to the tender documents must also indicate whether it results from a recommendation of the Autorité des marchés publics.

**“106.6.** In the case of a complaint under section 106.4, the Community must send the complainant its decision electronically after the complaint filing deadline but not later than three days before the tender closing date it has determined. If necessary, the Community must defer the tender closing date.

If the Community has received two or more complaints about the same call for tenders, it must send both or all of its decisions at the same time.

The Community must, when sending its decision on a complaint filed with it, make an entry to that effect on the electronic tendering system without delay.

The Community must defer the tender closing date by the number of days needed to allow a minimum period of seven days to remain from the date its decision is sent.

The Community must also, if applicable, inform the complainant of the complainant’s right to file a complaint under section 37 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If, two days before the tender closing date, the Community has not indicated on the electronic tendering system that it has sent its decision on a complaint, the system operator must, without delay, defer the tender closing date by four days. If the deferred date falls on a holiday, it must again be deferred to the second next working day. In addition, if the day preceding the deferred date is not a working day, that date must be deferred to the next working day. For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“106.7.** Sections 106.3 to 106.6 apply to certification or qualification processes, with the necessary modifications.”

**183.** Section 111.1.1 of the Act is amended by replacing “by section 21.3 of that Act and that conferred on the minister responsible by section 21.5 of that Act” in the second paragraph by “by sections 25.0.2 and 25.0.3 of that Act and the responsibilities conferred on the Chair of the Conseil du trésor by sections 25.0.3 and 25.0.5 of that Act”.

For a second or subsequent offence, the minimum and maximum fines are doubled.

**“111.1.5.** Penal proceedings under section 106.1.1, 111.1.3 or 111.1.4 must be instituted within three years after the time the prosecutor becomes aware of the commission of the offence. However, no proceedings may be instituted if more than seven years have elapsed since the date of the offence.”

(4) by inserting the following paragraph after the second paragraph:

“For the purposes of the application of Chapter V.2 of that Act to mixed enterprise companies, a natural person is considered to be an enterprise even if the person does not operate a sole proprietorship.”

**213.** The Act is amended by inserting the following sections after section 41.1:

**“41.2.** A mixed enterprise company must provide equitable resolution of complaints filed with it in the course of the awarding of a contract through a public call for tenders. It must, for that purpose, establish a procedure for receiving and examining the complaints filed.

The mixed enterprise company shall make the procedure available at all times by publishing it on its website or, if it does not have a website, on the website of the municipal entities that founded it whose address it shall give public notice of at least once a year.

To be admissible, a complaint must be sent electronically to the person in charge identified in the procedure. A complaint under section 41.3 must be filed on the form determined by the Autorité des marchés publics under section 45 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27).

**“41.3.** In the case of an ongoing public call for tenders, only a person or group of persons interested in participating in the awarding process or the representative of such a person or group may file a complaint about the process on the grounds that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the normative framework.

The complaint must be filed with the mixed enterprise company not later than the complaint filing deadline indicated on the electronic tendering system approved by the Government, if applicable. That deadline is determined, subject to the third paragraph, by adding to the date of the notice of the public call for tenders a period corresponding to half the time for receiving tenders but which may not be less than 10 days.

The mixed enterprise company must ensure that there is a period of at least four working days between the tender closing date and the complaint filing deadline.

Such a complaint may pertain only to the content of the tender documents available on the electronic tendering system not later than two days before that deadline.

The complainant shall, without delay, send a copy of the complaint to the Autorité des marchés publics for information purposes.

On receiving a first complaint, the mixed enterprise company must make an entry to that effect on the electronic tendering system without delay, after having ascertained the complainant's interest.

Any amendment made to the tender documents before the complaint filing deadline indicated on the electronic tendering system that modifies the tender closing date defers the complaint filing deadline by a period corresponding to half the number of days by which the tender submission period was extended.

Any amendment made three days or less before the tender closing date results in a minimum three-day deferral of that date. However, the deferral must be such as to ensure that the day preceding the new tender closing date is a working day.

For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“41.4.** Any amendment made to the tender documents must contain the information relating to the deadline for filing a complaint under section 41.3 or under section 40 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27). Any amendment made to the tender documents must also indicate whether it results from a recommendation of the Autorité des marchés publics.

**“41.5.** In the case of a complaint under section 41.3, the mixed enterprise company must send the complainant its decision electronically after the complaint filing deadline but not later than three days before the tender closing date it has determined. If necessary, the mixed enterprise company must defer the tender closing date.

If the mixed enterprise company has received two or more complaints about the same call for tenders, it must send both or all of its decisions at the same time.

The mixed enterprise company must, when sending its decision on a complaint filed with it, make an entry to that effect on the electronic tendering system without delay.

The mixed enterprise company must defer the tender closing date by the number of days needed to allow a minimum period of seven days to remain from the date its decision is sent.

The mixed enterprise company must also, if applicable, inform the complainant of the complainant’s right to file a complaint under section 37 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If, two days before the tender closing date, the mixed enterprise company has not indicated on the electronic tendering system that it has sent its decision on a complaint, the system operator must, without delay, defer the tender closing date by four days. If the deferred date falls on a holiday, it must again be deferred to the second next working day. In addition, if the day preceding the deferred date is not a working day, that date must be deferred to the next working day. For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

“**41.6.** Sections 41.2 to 41.5 apply to certification or qualification processes, with the necessary modifications.”

#### ACT RESPECTING PUBLIC TRANSIT AUTHORITIES

**214.** The Act respecting public transit authorities (chapter S-30.01) is amended by inserting the following sections after section 101.1:

The notice of intention must, among other things, specify or include

(4) the reasons invoked allowing the transit authority to enter into the contract in accordance with section 101.1; and

(5) the address at which and deadline by which a person may express interest electronically and demonstrate that he, she or it is capable of carrying out the contract on the basis of the procurement requirements and obligations stated in the notice, that deadline being five days before the projected contract date.

“**101.3.** Where a person has expressed interest in entering into the contract in accordance with paragraph 5 of section 101.2, the transit authority shall electronically send the person its decision as to the contract, at least seven days before the projected contract date. If that seven-day period cannot be complied with, the contract date must be deferred by the number of days needed to ensure compliance with that minimum period.

The transit authority must also inform the person of the person’s right to file a complaint under section 38 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If no person has expressed interest by the deadline under paragraph 5 of section 101.2, the contract may be entered into before the projected contract date specified in the notice of intention.”

**215.** The Act is amended by inserting the following sections after section 103.2:

**“103.2.1.** A transit authority must provide equitable resolution of complaints filed with it in the course of the awarding of a contract through a public call for tenders or otherwise. It must, for that purpose, establish a procedure for receiving and examining the complaints filed.

The transit authority shall make the procedure available at all times by publishing it on its website.

To be admissible, a complaint must be sent electronically to the person in charge identified in the procedure. A complaint under section 103.2.2 must be filed on the form determined by the Autorité des marchés publics under section 45 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27).

**“103.2.2.** In the case of an ongoing public call for tenders, only a person or group of persons interested in participating in the awarding process or the representative of such a person or group may file a complaint about the process on the grounds that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the transit authority’s normative framework.

The complaint must be filed with the transit authority not later than the complaint filing deadline indicated on the electronic tendering system approved by the Government. That deadline is determined, subject to the third paragraph, by adding to the date on which the call for tenders is advertised a period corresponding to half the time for receiving tenders but which may not be less than 10 days.

The transit authority must ensure that there is a period of at least four working days between the tender closing date and the complaint filing deadline.

Such a complaint may pertain only to the content of the tender documents available on the electronic tendering system not later than two days before that deadline.

The complainant shall, without delay, send a copy of the complaint to the Autorité des marchés publics for information purposes.

On receiving a first complaint, the transit authority must make an entry to that effect on the electronic tendering system without delay, after having ascertained the complainant’s interest.

Any amendment made to the tender documents before the complaint filing deadline indicated on the electronic tendering system that modifies the tender closing date defers the complaint filing deadline by a period corresponding to half the number of days by which the tender submission period was extended.

Any amendment made three days or less before the tender closing date results in a minimum three-day deferral of that date. However, the deferral must be such as to ensure that the day preceding the new tender closing date is a working day.

For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“103.2.3.** Any amendment made to the tender documents must contain the information relating to the deadline for filing a complaint under section 103.2.2 or under section 40 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27). Any amendment made to the tender documents must also indicate whether it results from a recommendation of the Autorité des marchés publics.

**“103.2.4.** In the case of a complaint under section 103.2.2, the transit authority must send the complainant its decision electronically after the complaint filing deadline but not later than three days before the tender closing date it has determined. If necessary, the transit authority must defer the tender closing date.

If the transit authority has received two or more complaints about the same call for tenders, it must send both or all of its decisions at the same time.

The transit authority must, when sending its decision on a complaint filed with it, make an entry to that effect on the electronic tendering system without delay.

The transit authority must defer the tender closing date by the number of days needed to allow a minimum period of seven days to remain from the date its decision is sent.

The transit authority must also, if applicable, inform the complainant of the complainant’s right to file a complaint under section 37 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If, two days before the tender closing date, the transit authority has not indicated on the electronic tendering system that it has sent its decision on a complaint, the system operator must, without delay, defer the tender closing date by four days. If the deferred date falls on a holiday, it must again be deferred to the second next working day. In addition, if the day preceding the deferred date is not a working day, that date must be deferred to the next working day. For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

#### ACT RESPECTING NORTHERN VILLAGES AND THE KATIVIK REGIONAL GOVERNMENT

**220.** The Act respecting Northern villages and the Kativik Regional Government (chapter V-6.1) is amended by inserting the following sections after section 204.3:

**“204.3.1.** To enter into a contract that, but for section 204.3, would have been subject to section 204 with a supplier that is the only one in a position to provide the equipment, materials or services under paragraph 2 of section 204.3, a municipality must, at least 15 days before entering into the contract, publish on the electronic tendering system approved by the Government a notice of intention allowing any person to express interest in entering into it. The notice of intention must, among other things, specify or include

(1) the name of the person with whom the municipality intends to enter into the contract in accordance with section 204.3;

(2) a detailed description of the municipality’s procurement requirements and the contract obligations;

(3) the projected contract date;

(4) the reasons invoked allowing the municipality to enter into the contract in accordance with section 204.3; and

(5) the address at which and deadline by which a person may express interest electronically and demonstrate that he, she or it is capable of carrying out the contract on the basis of the procurement requirements and obligations stated in the notice, that deadline being five days before the projected contract date.

**“204.3.2.** Where a person has expressed interest in entering into the contract in accordance with paragraph 5 of section 204.3.1, the municipality shall electronically send the person its decision as to the contract, at least seven days before the projected contract date. If that seven-day period cannot be complied with, the contract date must be deferred by the number of days needed to ensure compliance with that minimum period.

The municipality must also inform the person of the person’s right to file a complaint under section 38 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If no person has expressed interest by the deadline under paragraph 5 of section 204.3.1, the contract may be entered into before the projected contract date specified in the notice of intention.”

**221.** The Act is amended by inserting the following sections after section 207:

**“207.0.1.** A municipality must provide equitable resolution of complaints filed with it in the course of the awarding of a contract through a public call for tenders or otherwise. It must, for that purpose, establish a procedure for receiving and examining the complaints filed.

The municipality shall make the procedure available at all times by publishing it on its website. If the municipality does not have a website, it shall publish the procedure on another website whose address it shall give public notice of at least once a year.

To be admissible, a complaint must be sent electronically to the person in charge identified in the procedure. A complaint under section 207.0.2 must be filed on the form determined by the Autorité des marchés publics under section 45 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27).

**“207.0.2.** In the case of an ongoing public call for tenders, only a person or group of persons interested in participating in the awarding process or the representative of such a person or group may file a complaint about the process on the grounds that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the municipality’s normative framework.

The complaint must be filed with the municipality not later than the complaint filing deadline indicated on the electronic tendering system approved by the Government. That deadline is determined, subject to the third paragraph, by adding to the date on which the call for tenders is advertised a period corresponding to half the time for receiving tenders but which may not be less than 10 days.

The municipality must ensure that there is a period of at least four working days between the tender closing date and the complaint filing deadline.

Such a complaint may pertain only to the content of the tender documents available on the electronic tendering system not later than two days before that deadline.

The complainant shall, without delay, send a copy of the complaint to the Autorité des marchés publics for information purposes.

On receiving a first complaint, the municipality must make an entry to that effect on the electronic tendering system without delay, after having ascertained the complainant's interest.

Any amendment made to the tender documents before the complaint filing deadline indicated on the electronic tendering system that modifies the tender closing date defers the complaint filing deadline by a period corresponding to half the number of days by which the tender submission period was extended.

Any amendment made three days or less before the tender closing date results in a minimum three-day deferral of that date. However, the deferral must be such as to ensure that the day preceding the new tender closing date is a working day.

For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“207.0.3.** Any amendment made to the tender documents must contain the information relating to the deadline for filing a complaint under section 207.0.2 or under section 40 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27). Any amendment made to the tender documents must also indicate whether it results from a recommendation of the Autorité des marchés publics.

**“207.0.4.** In the case of a complaint under section 207.0.2, the municipality must send the complainant its decision electronically after the complaint filing deadline but not later than three days before the tender closing date it has determined. If necessary, the municipality must defer the tender closing date.

If the municipality has received two or more complaints about the same call for tenders, it must send both or all of its decisions at the same time.

The municipality must, when sending its decision on a complaint filed with it, make an entry to that effect on the electronic tendering system without delay.

The municipality must defer the tender closing date by the number of days needed to allow a minimum period of seven days to remain from the date its decision is sent.

The municipality must also, if applicable, inform the complainant of the complainant's right to file a complaint under section 37 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If, two days before the tender closing date, the municipality has not indicated on the electronic tendering system that it has sent its decision on a complaint, the system operator must, without delay, defer the tender closing date by four days. If the deferred date falls on a holiday, it must again be deferred to the second next working day. In addition, if the day preceding the deferred date is not a working day, that date must be deferred to the next working day. For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“207.0.5.** Sections 207.0.1 to 207.0.4 apply to certification or qualification processes, with the necessary modifications.”

**222.** The Act is amended by inserting the following sections after section 358.3:

**“358.3.1.** To enter into a contract that, but for section 358.3, would have been subject to section 358 with a supplier that is the only one in a position to provide the equipment, materials or services under paragraph 2 of section 358.3, the Regional Government must, at least 15 days before entering into the contract, publish on the electronic tendering system approved by the Government a notice of intention allowing any person to express interest in entering into it. The notice of intention must, among other things, specify or include

(1) the name of the person with whom the Regional Government intends to enter into the contract in accordance with section 358.3;

(2) a detailed description of the Regional Government's procurement requirements and the contract obligations;

(3) the projected contract date;

(4) the reasons invoked allowing the Regional Government to enter into the contract in accordance with section 358.3; and

(5) the address at which and deadline by which a person may express interest electronically and demonstrate that he, she or it is capable of carrying out the contract on the basis of the procurement requirements and obligations stated in the notice, that deadline being five days before the projected contract date.

**“358.3.2.** Where a person has expressed interest in entering into the contract in accordance with paragraph 5 of section 358.3.1, the Regional Government shall electronically send the person its decision as to the contract, at least seven days before the projected contract date. If that seven-day period cannot be complied with, the contract date must be deferred by the number of days needed to ensure compliance with that minimum period.

The Regional Government must also inform the person of the person’s right to file a complaint under section 38 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If no person has expressed interest by the deadline under paragraph 5 of section 358.3.1, the contract may be entered into before the projected contract date specified in the notice of intention.”

**223.** The Act is amended by inserting the following sections after section 358.4:

**“358.4.1.** The Regional Government must provide equitable resolution of complaints filed with it in the course of the awarding of a contract through a public call for tenders or otherwise. It must, for that purpose, establish a procedure for receiving and examining the complaints filed.

The Regional Government shall make the procedure available at all times by publishing it on its website.

To be admissible, a complaint must be sent electronically to the person in charge identified in the procedure. A complaint under section 358.4.2 must be filed on the form determined by the Autorité des marchés publics under section 45 of the Act to facilitate oversight of public bodies’ contracts and to establish the Autorité des marchés publics (2017, chapter 27).

**“358.4.2.** In the case of an ongoing public call for tenders, only a person or group of persons interested in participating in the awarding process or the representative of such a person or group may file a complaint about the process on the grounds that the tender documents contain conditions that do not ensure the honest and fair treatment of tenderers, do not allow tenderers to compete although they are qualified to meet the stated procurement requirements, or are otherwise not compliant with the Regional Government’s normative framework.

The complaint must be filed with the Regional Government not later than the complaint filing deadline indicated on the electronic tendering system approved by the Government. That deadline is determined, subject to the third paragraph, by adding to the date on which the call for tenders is advertised a period corresponding to half the time for receiving tenders but which may not be less than 10 days.

The Regional Government must ensure that there is a period of at least four working days between the tender closing date and the complaint filing deadline.

Such a complaint may pertain only to the content of the tender documents available on the electronic tendering system not later than two days before that deadline.

The complainant shall, without delay, send a copy of the complaint to the Autorité des marchés publics for information purposes.

On receiving a first complaint, the Regional Government must make an entry to that effect on the electronic tendering system without delay, after having ascertained the complainant's interest.

Any amendment made to the tender documents before the complaint filing deadline indicated on the electronic tendering system that modifies the tender closing date defers the complaint filing deadline by a period corresponding to half the number of days by which the tender submission period was extended.

Any amendment made three days or less before the tender closing date results in a minimum three-day deferral of that date. However, the deferral must be such as to ensure that the day preceding the new tender closing date is a working day.

For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**“358.4.3.** Any amendment made to the tender documents must contain the information relating to the deadline for filing a complaint under section 358.4.2 or under section 40 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27). Any amendment made to the tender documents must also indicate whether it results from a recommendation of the Autorité des marchés publics.

**“358.4.4.** In the case of a complaint under section 358.4.2, the Regional Government must send the complainant its decision electronically after the complaint filing deadline but not later than three days before the tender closing date it has determined. If necessary, the Regional Government must defer the tender closing date.

If the Regional Government has received two or more complaints about the same call for tenders, it must send both or all of its decisions at the same time.

The Regional Government must, when sending its decision on a complaint filed with it, make an entry to that effect on the electronic tendering system without delay.

The Regional Government must defer the tender closing date by the number of days needed to allow a minimum period of seven days to remain from the date its decision is sent.

The Regional Government must also, if applicable, inform the complainant of the complainant's right to file a complaint under section 37 of the Act to facilitate oversight of public bodies' contracts and to establish the Autorité des marchés publics (2017, chapter 27) within three days after receiving the decision.

If, two days before the tender closing date, the Regional Government has not indicated on the electronic tendering system that it has sent its decision on a complaint, the system operator must, without delay, defer the tender closing date by four days. If the deferred date falls on a holiday, it must again be deferred to the second next working day. In addition, if the day preceding the deferred date is not a working day, that date must be deferred to the next working day. For the purposes of this section, Saturday is considered a holiday, as are 2 January and 26 December.

**229.** The Regulation respecting supply contracts, service contracts and construction contracts of bodies referred to in section 7 of the Act respecting contracting by public bodies (chapter C-65.1, r. 1.1) is amended by inserting the following after section 1:

“**1.1.** For the purposes of this Regulation, the electronic tendering system is the one approved by the Government under section 11 of the Act.

“**CHAPTER I.1**

“**PUBLIC CALL FOR TENDERS**

“**1.2.** Every public call for tenders for a contract governed by an intergovernmental agreement is made by publishing a notice on the electronic tendering system.

The notice forms part of the tender documents and must specify and contain

- (1) the name of the body;
- (2) a brief description of the goods, services or construction work and the place where the goods are to be delivered or the construction work performed, as the case may be;
- (3) the nature and amount of any required tender security;
- (4) the intergovernmental agreement, within the meaning of section 2 of the Act, that applies;
- (5) the place where the tender documents and information may be obtained;
- (6) the place and the closing date and time for the receipt and opening of tenders; the time for receiving tenders may not be less than the time prescribed in the intergovernmental agreement that applies;

- (8) the fact that the body is not bound to accept any of the tenders received.

In addition, provided that it is specified in the tender documents, the body may reserve the right to not consider a request for details made, as the case may be, by a supplier, service provider or contractor if the request is sent to the body less than 3 working days before the tender closing date and time.
