Draft Regulation

Environment Quality Act
(chapter Q-2)

Act respecting certain measures enabling the enforcement of environmental and dam safety legislation
(chapter M-11.6)

Development, implementation and financial support of a deposit-refund system for certain containers — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting the development, implementation and financial support of a deposit-refund system for certain containers, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The purpose of the draft Regulation is to postpone to 1 March 2027 the date as of which certain containers targeted by the deposit-refund system become redeemable and, in connection with that postponement, to modify the annual recovery, reclamation and local reclamation rates, and the recycling rates for single-use fibre containers, including multi-layer containers, that the designated management body is required to achieve. The draft Regulation also proposes requiring all producers to install and manage a minimum number of return sites.

The regulatory impact analysis shows that enterprises would have two additional years to adapt to the increase in the number of containers and to the addition of a new material. Nevertheless, since it would be a postponement, the analysis shows that the planned expenses would still be incurred two years later and that the draft Regulation would not generate any savings for enterprises.

Further information on the draft Regulation may be obtained by contacting Valérie Lephât, Direction de la réduction, du réemploi et du recyclage, Direction principale des matières résiduelles, Ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs, édifice Marie-Guyart, 9^e étage, boîte 71, 675, boulevard René-Lévesque Est, Québec (Québec) G1R 5V7; email: infoconsigne-collecte@environnement.gouv.qc.ca.

Any person wishing to comment on the draft Regulations is requested to submit written comments within the 45 day period to Gitane Boivin, Director, Direction principale des matières résiduelles, Ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs, édifice Marie-Guyart, 9^e étage, boîte 71, 675, boulevard René-Lévesque Est, Québec (Québec) G1R 5V7; email: infoconsigne-collecte@environnement.gouv.qc.ca.
